

## Four Person Scramble Schedule

8 a.m. Registration, continental breakfast  
and driving range practice

9 a.m. Shotgun start

1 p.m. Lunch buffet

Donations allow Spectrum Health Big Rapids and Reed City Hospitals to offer a patient transportation assistance program for patients who do not have the financial means of transport to, from and between home and medical facilities. Many often face transportation issues resulting in barriers to care. The free transportation services, funded 100% through donations, give elderly and low-income patients access to medically necessary, life-prolonging treatments that they might otherwise forgo, in whole or in part, because of inadequate transportation.

Sometimes it happens in the emergency department where a patient is dropped off at the hospital by the ambulance with no way to get home after receiving lifesaving care. Other times, it's a situation where we need to transport patients to Grand Rapids for specialty care. Transportation assistance is also given when the patient has no one to help him/her and no money of their own. If patients qualify for help, assistance is given in the form of gas cards, MOTA coins, ambulance or taxi.

The average dollar amount for local transportation is \$10 per patient. For patients needing transport for psychiatric care, the average price is \$1,500 due to extended distances and car provider support in the transport. For a gift of \$10,000, you could help 1,000 patients with local transportation. Or for a gift of \$15,000 you could help 10 patients with psychiatric care transports.

Please consider participating in the Charity Golf Classic—as a sponsor, golfer, or both—and join us in providing access to critical transportation services to those who need them most.
