Social Media Tips and Tricks

Share Your Story and Market Your Event
Social media is a powerful tool for fundraising and marketing events. Consider using Facebook, Instagram, Twitter, LinkedIn, Snapchat, Youtube, a blog, or other platforms when marketing your fundraiser for Spectrum Health, including Helen DeVos Children’s Hospital. These are great channels to recognize your sponsors, ask for donations, provide updates and share the story.

Follow Spectrum Health Foundations on Facebook and Instagram.
We encourage you to tag us in your posts as well as share, like and comment on our posts.

Facebook

• Make a Facebook event and invite friends and family to attend. You could also create a Facebook Fundraiser to raise additional funds.
• Share your fundraising page—Include the link where supporters can go to donate.
• Share the story of Spectrum Health and/or Helen DeVos Children’s Hospital and why you are fundraising. Stories of individuals and families who have personally been impacted are great ways to showcase your fundraiser.
• Give a shoutout to your donors. Tag them if possible.
• Use a lot of videos and photos when posting.
• Facebook Live leading up to the event and/or during the event.
• Don’t be afraid to use messenger when asking for donations.
• Tag @SHFoundations in your posts.

Instagram
instagram.com/shfoundations

This is Calvin. At 3 months old, his heart stopped beating. It regained its rhythm thanks to people and place, timing and technology. You can help more children like Calvin by attending the upcoming Spaghetti Dinner. Visit the link for details – [LINK].

This is Emily. At 24 years old, she was diagnosed with breast cancer. Her biggest fear was not dying, but that she might never have children. She now has 2 beautiful children and knows that life is so precious. You can help more women like Emily by making a donation to my fundraiser - [LINK].

The following information will help prepare you to promote your event to the media and/or be interviewed by the media.

• Know your audience. Not all events are appropriate for all media outlets. Do you want media coverage to drive attendance to your event or media coverage at your event? Your event must be relevant to viewers, listeners and readers.

• Start planning early. If you wish to submit your event to a community calendar, some require at least two months notice.

• If you want media coverage at the actual event, send a press release or media advisory two days in advance. Remember the media is under constant deadline pressure. Keep the five W's in mind—who, what, where, when and why. Ask yourself “who cares and why should the media cover my event.”

• Identify an event spokesperson. Make their contact information clear on any media advisories or news releases. The spokesperson should have a warm demeanor and the ability to speak in conversational, layperson terms.

• Speak in sound bites. The average TV news story is no longer than two minutes. Don’t use technical jargon. Be concise and clear. For TV interviews, look at the reporter, not the cameraman.

• State the most important information first; then provide background information. Avoid saying “yes” or “no” – expand and provide details that help tell the story.

• Remember you are hosting an event to benefit Spectrum Health or Helen DeVos Children's Hospital. You are not representing Spectrum Health or Helen DeVos Children's Hospital. If media are interested in speaking to physicians, staff, etc., please direct them to the Rick Jensen at richard.jensen@spectrumhealth.org or 616.391.5291.

• Keep track of any coverage you receive. Email it to: foundation@spectrumhealth.org.
