Title:	Standard work for community health care partners to complete an Advocate Acceptance form using the Digital Advance Care Planning (ACP) Tool	
Step:	Purpose: Explain the necessary steps to complete an Advocate Acceptance form, when being completed outside of a Durable Power of Attorney form	

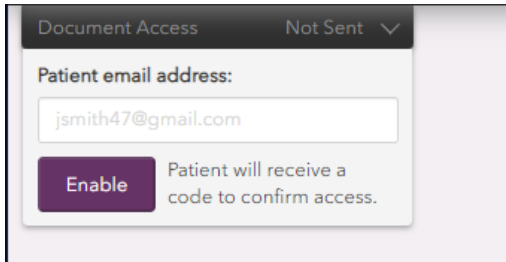

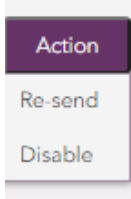

Seq. No	Task Description:	Key Point / Image / Measure (what good looks like)	Who	Cycle Time mm:ss
1.	Access the Digital ACP Tool	<p>URL address: https://spectrum.vyncahealth.com/user/login</p> 	Clinician	
2.	Search for patient	 <p>*If the patient is not found it means their Durable Power of Attorney (DPOAH) is not in the digital ACP tool. Prior to completing the Advocate acceptance, the DPOAH document needs to be scanned into the ACP digital tool. Email the patient's DPOAH to advancecareplanning@spectrumhealth.org for uploading.</p>	Clinician

3.	Provide Document Access to patient, as needed	<p>Send or resend an email invite to the patient from the ACP Dashboard (top left-hand corner of the screen). If this is the first time using the email address, the button will read Enable.</p>  <p>If the email has been sent previously, the button will read Action and you can resend by clicking on the Re-send button.</p>  <p>This will allow the patient to start, continue, view, or void their ACP documents, as well as create their My Circle to share their documents with others.</p> <p>*An email address can only be used for 1 patient. If the email address has been used for another patient, you will receive an error message.</p>	Clinician	
4.	Initiate the creation of a new Advocate Acceptance form	Click on the Menu button of the Advocate Acceptance form.	Clinician

		 <p>Ensure that the First, Second, and Third Patient Advocate name documented in the Durable Power of Attorney for Health Care (DPOAH) form sign on the appropriate pages (for example, the Second Choice Advocate designated in the DPOAH must sign the Second Choice Advocate page of the Advocate Acceptance form).</p> <p>*Not all pages need to be completed if 3 Patient Advocates were not designated.</p>		
6.	Using mobile connect for signatures, if applicable	<p>Mobile connect can be used to share content on an individual's personal device and be used as a signature pad.</p> <p>Mobile connect can make obtaining Patient Advocate signatures much easier as the Patient Advocate signature can be captured remotely and does not need to be witnessed.</p> <p>To use, click on the CONNECT SMART DEVICE and enter the individual's phone number or email.</p>	Clinician
