Where I call home: Cincinnati, Ohio

PGY1 Residency: Spectrum Health (Corewell Health West)

Clinical interests: Critical Care

Staffing: Butterworth Hospital (ICU)

A bit about me: I graduated pharmacy school from the University of Cincinnati and moved to Grand Rapids last year not knowing anyone for a PGY1. Love it so much that I am staying another year! (I guess I like the people a little too) This summer, I joined a kickball team to try to slowly get my foot skills back as I used to be a competitive soccer player. I look forward to continuing to try all the different coffee shops and restaurants that GR has to offer!

Kristen Michael, PharmD (PGY2 Pediatrics)

A bit about me: I completed my pharmacy education at Purdue University and completed my PGY1 training here at Corewell Health. I am really looking forward to staying at Corewell as I transition in my PGY2 in Pediatrics. Outside of pharmacy, I love to listen to music, spend time outside, read, hang out with friends and family, and explore new restaurants, breweries, coffee shops, you name it.

A bit about me: Last year, I completed my PharmD at Ferris State University and started my PGY1/PGY2 HSPAL residency program here at Corewell Health West. I'm excited to continue my training here and look forward to what's in store this year. In my spare time, I like to read books and play with my cats, Bean and Spinch. Where I call home: Cedar Rapids, IA

Pharmacy school: University of Iowa

Clinical interests: Ambulatory Care (including, pediatric, internal medicine, solid organ transplant, and psychiatry clinics)

Staffing: Butterworth Hospital (Inpatient)

A bit about me: I grew up in Cedar Rapids, IA and then ventured to Chicago to attend Loyola University for undergrad where I received a BS in psychology. I then went back to Iowa to cheer on the Hawkeyes at the University of Iowa for my PharmD and MPH. When I am not studying or working, I enjoy doing activities outside, whether hiking in the summer or skiing in the winter. I also enjoy traveling to new places, trying new foods/restaurants, and attending the occasional garage sale on Saturday mornings. Over the next year, I look forward to bonding with my coresidents and other pharmacy staff and furthering my clinical knowledge in various disease states. I can't wait to apply the knowledge I have learned over the past 4 years, and I am so excited to do that at Corewell Health!
