STEP 2: Plug TV in and power remote

A Connect your TV

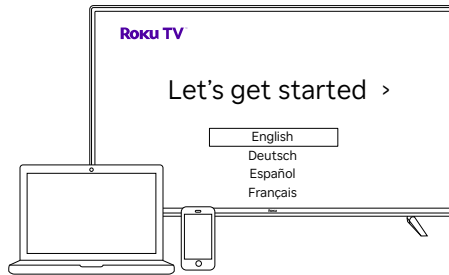

Plug your TV into a power outlet. It should turn on automatically. If it doesn't, press the power button.

B Power your remote

See the remote features card on how to use your Roku TV remote.

STEP 3: Activate your TV

Connect your TV

Follow the instructions on your TV screen. Activate your TV by using your computer or smartphone to link a Roku account.

IMPORTANT

Roku never charges for activation support.

Frequently asked questions

Why do I need an internet connection?

You'll need an internet connection to set up your TV, stream your favourite channels, and for automatic software updates.

Why should I enter a payment method?

Saving a payment method makes it easy to rent or buy movies, subscribe to popular channels, and start free trials in just a click. No charges will be made without your authorization.
