

# Gender Reveal Party Favours

By @jessdeaconworks

**For this craft  
you'll need:**

- \* Scissors or a craft knife
- \* Glue (I use UHU all purpose)
- \* A glue spreader or craft syringe (or a small folded piece of paper) to apply the glue.

Build these sweet star shaped party favours and fill with the coloured heart shaped confetti to reveal the gender of your baby in a fun way. Both blue and pink hearts are included in this printable, but you can also fill with sweets, store bought confetti or another filling of your choosing!

## Instructions

1. Cut out all parts using a craft knife or scissors. For parts 2, you only need to cut out the colour hearts you wish to use. If you would like to fill the star with a different type of filling (ie. store bought confetti, sweets etc. you can leave out parts 2.
2. Carefully score along all fold lines lightly with a craft knife or a ballpoint pen that no longer has ink in it. This will make folding easier and more precise.
3. Using the key to identify the different fold directions, carefully fold all the mountain folds. Then fold the valley folds - be careful to only fold along this line, otherwise you will end up with unwanted fold lines on the front of the star shape.
4. Glue tab A under side A.
5. Glue tab B under side B.
6. Glue tab C under side C.
7. Leave the unlabeled tab unglued for now.
8. Once the glue has dried, gently push in the valley fold lines to create the star shape. The star will be flat on one side at the moment (where the unlabeled tab is). This is the open side where the gender reveal confetti will be inserted.
9. Take parts 2 (confetti hearts). Fold them over and glue together (white side inside). You only need the colour hearts relevant to the gender you want to reveal. You can also use store bought confetti, sweets or another blue / pink coloured filling.
10. Fill the star shape (part 1) with the heart confetti.
11. Now you can glue the final side shut and push in the last valley fold to complete the star shape and keep the mystery of the gender hidden until your guests open them.
