

# Dia de los Muertos Sugar Skull Garland

*Items you will need:* Scissors, ribbon, yarn or string and tape.

*Print:* Print however many sugar skulls you would like.

*Scissors:* Cut around the black edge of each sugar skull.

*Layout:* Layout the sugar skulls in the design of your choice. When you're happy with your layout, turn them over and layout your ribbon, yarn or string towards the top of each of them and tape the ribbon, yarn or string to the back of each one. Be sure to leave enough ribbon, yarn or string at the end of each skull so that you can hang your garland. Turn over your garland and you're all finished.

*Enjoy!*
