

NATIONAL RECYCLING DAY

National Recycling Day, or America Recycles Day, is held every November 15th and has been celebrated since 1997. It is a day for people to celebrate recycling, to make smart choices when buying new things, and to think about how they can reduce waste every day of the year.

A few ideas to help you celebrate:

- * **Make crafts using cardboard!**
- * **Buy toys or paper made from recycled materials.**
- * **Use less water while showering and brushing your teeth.**
- * **Compost food waste!**
- * **Buy things with less packaging.**
- * **Use a reusable bag while shopping with your parents.**
- * **Walk or ride a bike instead of driving to the park.**
- * **Try out the fun activity included with this download!**

For a few years, our national recycling rate has been very low at around 34%! Show your support this year by making a pact with your friends, parents and/or siblings to participate in National Recycling Day 2020!

Reduce, reuse and recycle!

1. Print out using recycled paper!

2. Cut along solid lines.

3. Fold along dashed lines toward the back (blank side).

4. Use double sided tape on the side tabs and attach to largest flap.

5. Leave top tab open for your letter! Enclose with more tape and sign!
