

## MEDICAL SHAPE MATCH

### You will need:

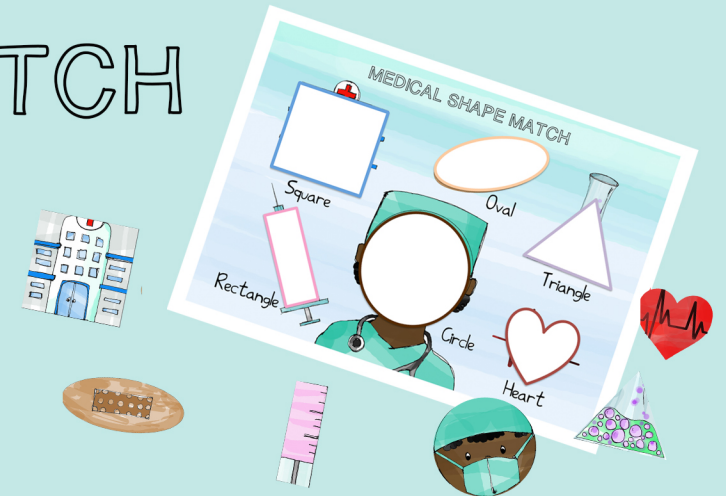

- The shape mat
- The shapes
- Scissors
- Glue

Step 1: Print the shape mat and the shapes.

Step 2: Cut out the 6 shapes above.

Step 3: Place the shapes in the correct positions.

Step 4: Glue in place to complete.

Doctors are people who have a medical job. They help us to be healthy.

They can figure out why people are sick.

They use medicine, special treatment and equipment to make people better.

You can see some on this page.

Other medical jobs include: Nurses, Therapists, Dentists, Pharmacists and Surgeons like the one below.

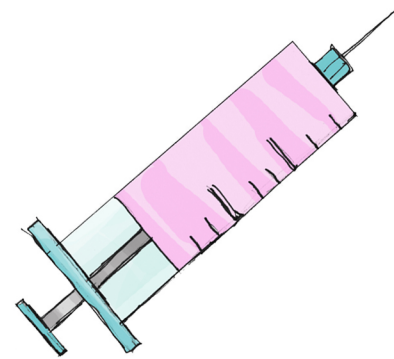

Surgeons wear caps, masks, gowns and gloves to protect them and their patients.
