

# Easter basket

Danielle Chandler  
DESIGN

Follow the instructions to create a cute paper Easter basket with a bunny, flowers, carrots, and floral handle.

# Instructions

Print pages with basket parts on thicker paper for durability.

Cut out the first piece with the Easter bunny. This is the front and bottom piece of the basket.

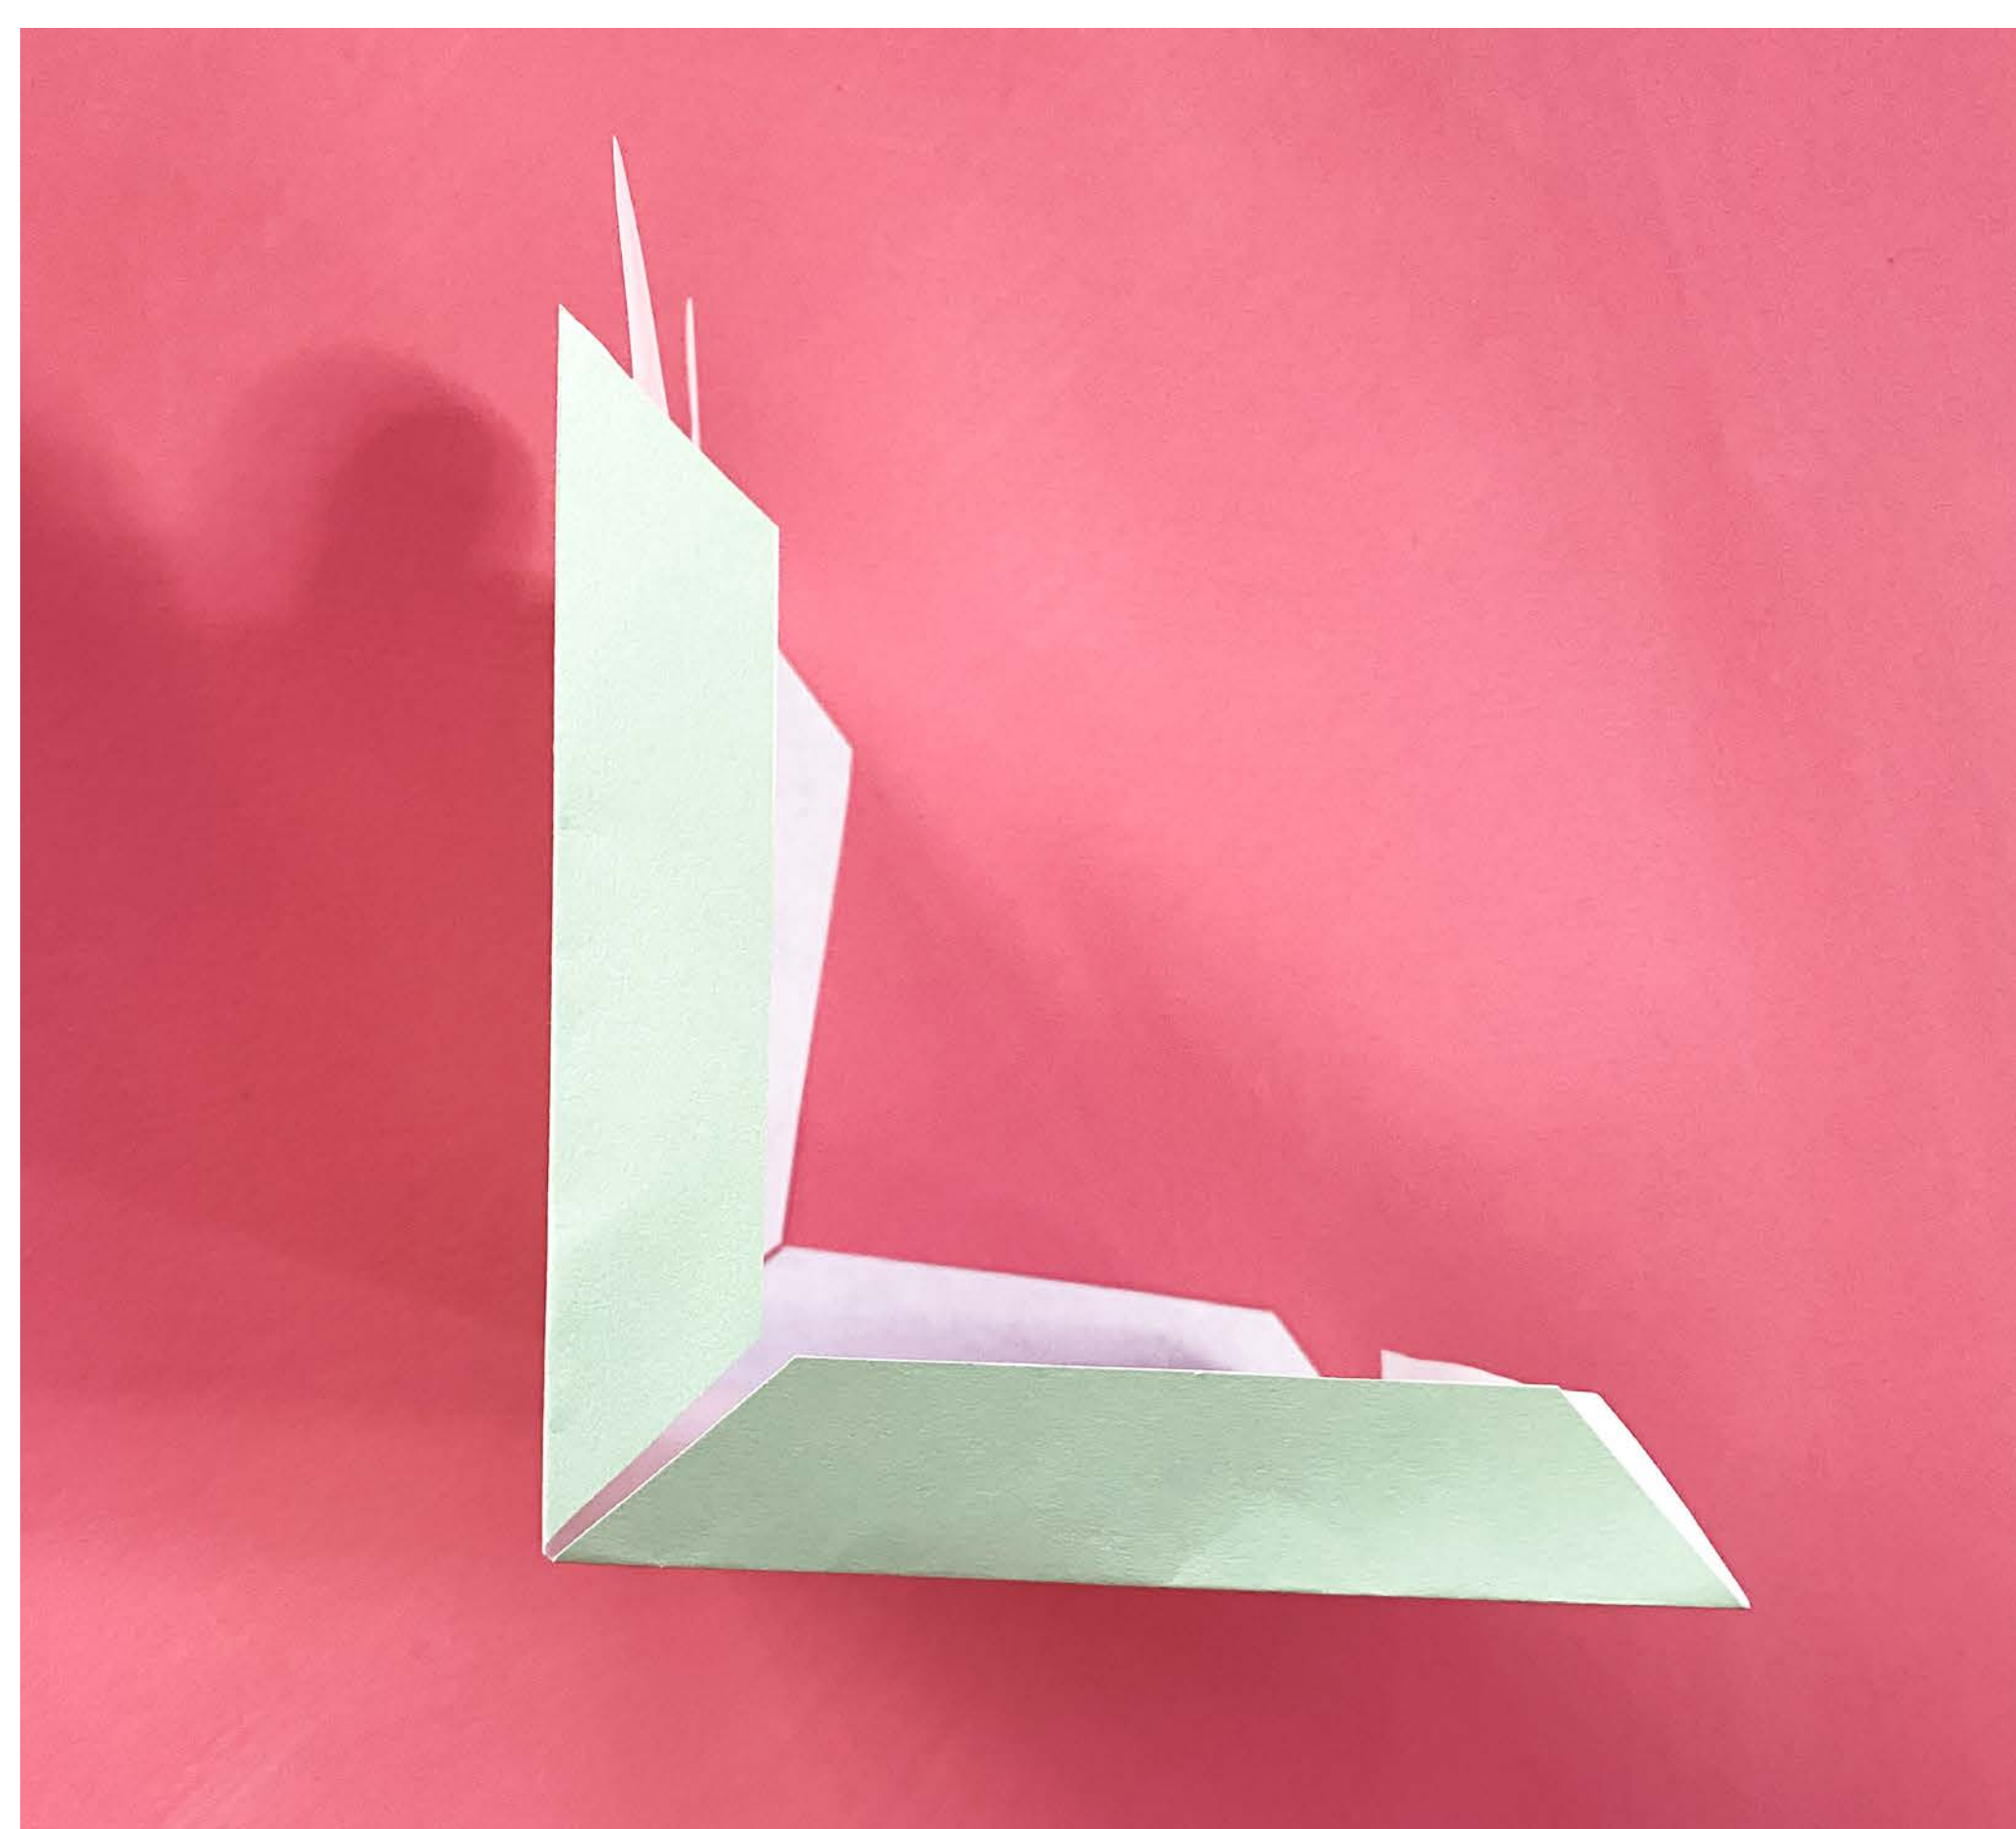

Fold between the front and bottom, then fold each flap inwards.

# Instructions

Cut out the flower panels. These will be the left and right sides of the basket.

Use a glue stick on each flap, and attach the sides of the basket to the front and bottom.

# Instructions

Cut out the carrot panel. This will be the back of the basket.

Fold flaps inwards and use a glue stick to attach to complete the bowl of the basket.

Cut out the handle and flowers. Use a glue stick to attach the handle to the inner left and right sides of the basket.

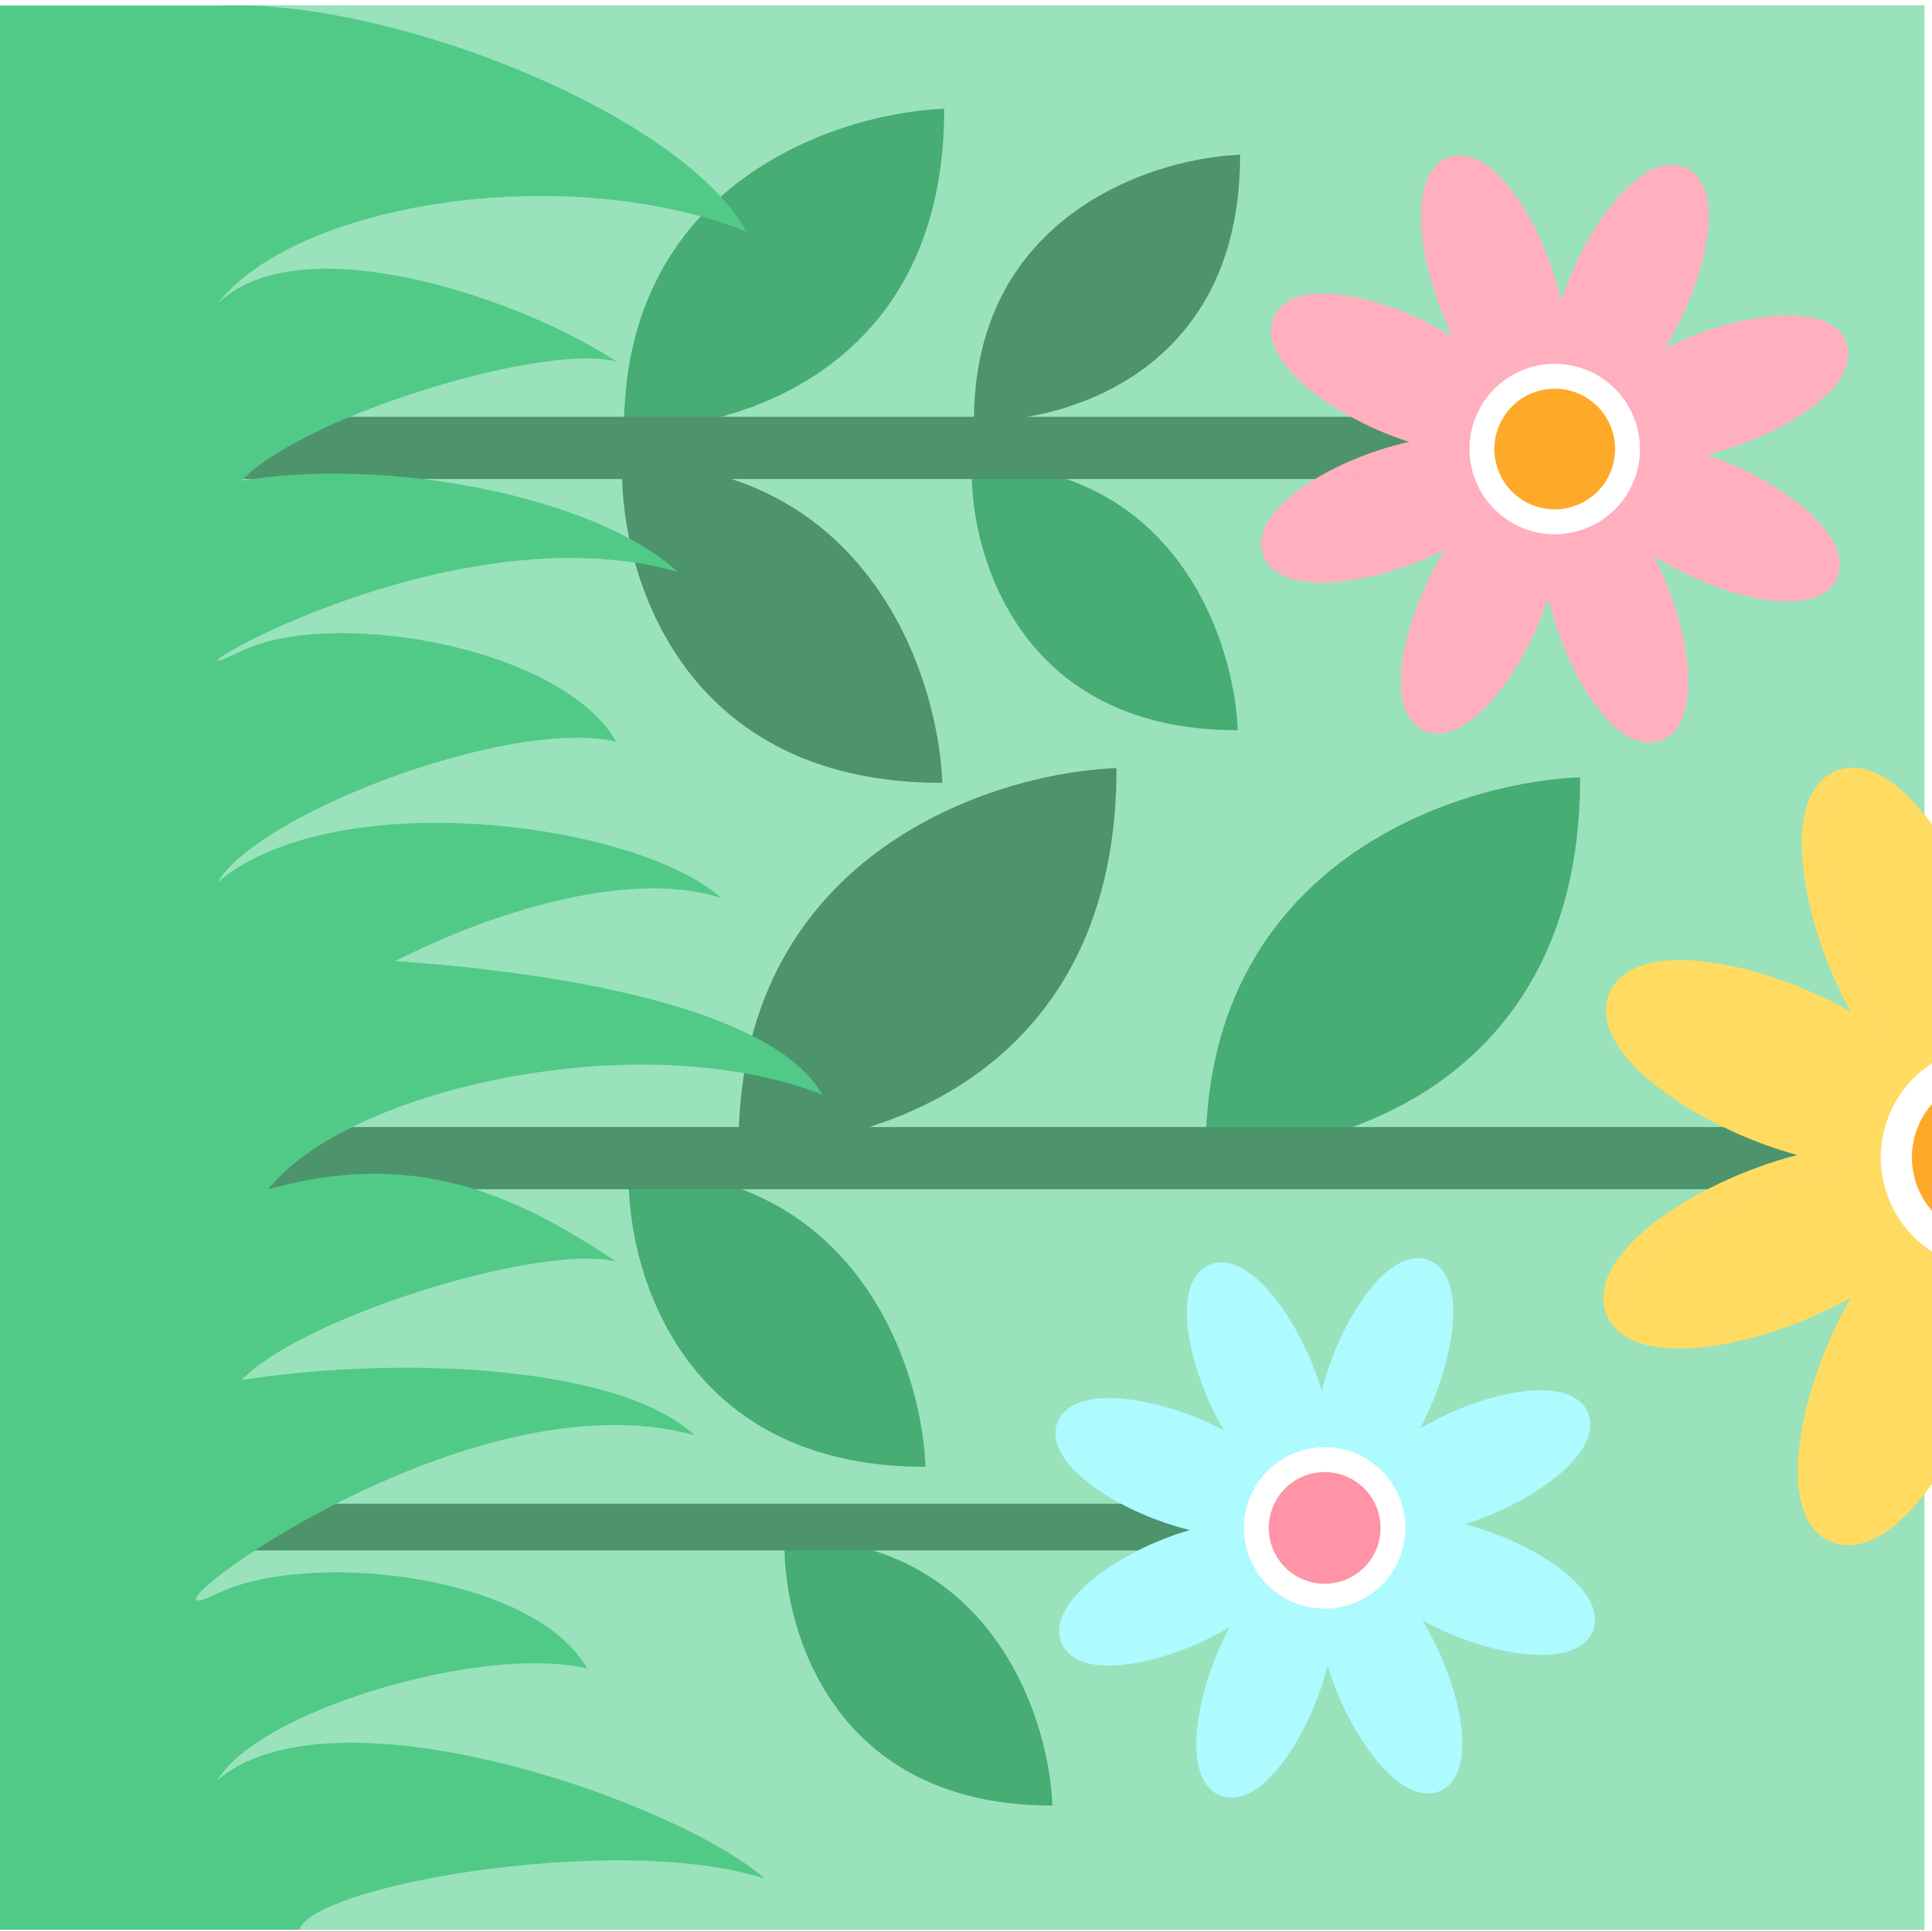

Glue flowers on handle or to decorate other areas of the basket.
