

Halloween Papercraft

By Jess Deacon

Print out and build your own papercraft masks and monster theatre this Halloween!

The series includes: 3 masks and a monster paper theatre, with instructions on how to construct each one.

#1 Werewolf Mask

Halloween Papercraft

By Jess Deacon

#1 Werewolf Mask instructions

- 1 Cut out all parts. Use a craft knife for best results.
2. Carefully fold along all fold lines (see key). Before folding it is recommended to score the line lightly with a craft knife or a ballpoint pen that no longer has ink in it. This will make folding easier and more precise.
3. Cut the slits marked with a thick grey line (see key) on part 1.
4. Glue tab 2A behind side 1A. Then glue tab 3A behind side 1B.
5. Glue tab 2B behind side 1C. You will need to hold firmly in place while the glue dries as the tension will try to pull the pieces apart. Then repeat this action with tab 3B, glueing it behind side 1D.
6. Glue tabs 1E behind side 2C, carefully following the curve. Then glue tabs 1F behind side 3C.
7. Glue tab 4A behind side 1G. Then glue tab 5A behind side 1H.
8. Glue tab 1I behind side 1G. Then glue tab 1J behind side 1H.
9. Glue tab 4B behind side 1K. Then glue tab 5B behind side 1L.
10. Glue tab 6A onto part 1 where marked. Then glue tab 7A onto part 1 where marked.
11. Glue parts 8, 9 & 10 onto the head where marked.
12. Glue part 11 to side 1M. Then glue parts 12 & 13 around the sides respectively to complete the wolf's mouth.
13. To make the headband of the mask: attach the tabs of parts 14 to the insides of the mask, checking that they are at a suitable height for you head when wearing the mask. Once these are firmly in place, place the mask on your face and pull the ends round to the back of your head and fix together (you can use a paperclip or a piece of masking tape to allow further adjustments). Trim excess paper from the ends if necessary.
