This is a colorful and festive banner you can make in under 30 minutes. Dia de los Muertos is a Mexican tradition to honor the cycle of life.

Held on November 1 and 2nd, it's celebrated by creating an ofrenda in honor of a loved one who passed away. You can create an ofrenda with a photo of a loved one, cheery sugar skulls, and marigold flowers. This banner is an easy way to add personality and artful love to your display!

DIRECTIONS:

1. Insert your sheet of HP Glossy Photo Paper in your printer.
2. Print the banner sheet of designs.

3. Cut out all the shapes.
4. Set out the trim.
5. Working one at a time, add hot glue to the back of one of the skulls and press onto trim.

6. Continue with the rest of the sugar skulls.
7. Cut strips of tulle and tie between each sugar skull.
8. Hot glue gems to the tulle.
