

# DIY REINDEER CROWN

STEP 1 / Cut around the design printed on your HP brochure paper 180g

STEP 2 / Staple both parts of the crown together

STEP 3 / Do the same on the other side of the crown

STEP 4 / The crown is now ready. If the hat proves to be too small you can print the rear design once more and add the desired length

STEP 5 / Glue the antlers on both sides of the head

STEP 6 / You can now proudly wear your reindeer crown
