

New Parent Vouchers in a Diaper Envelope

By @jessdeaconworks

Give a personalised gift to new parents - these vouchers are blank for you to fill in your own gift ideas!

Print and make this diaper shaped gift envelope to house your personalised vouchers.

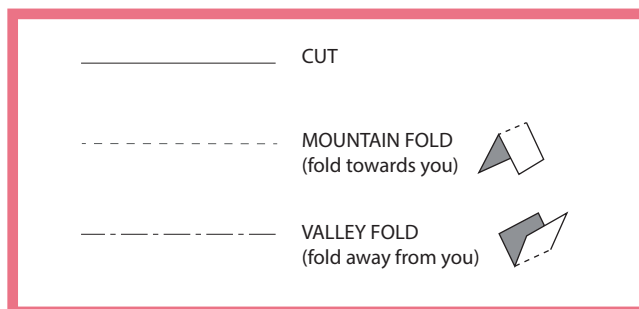

New Parent Vouchers in a Diaper Envelope

By @jessdeaconworks

Instructions

1. Cut out all parts using a craft knife or scissors. Use the key to identify the additional cut lines on parts 1 & 2. For parts 3, you only need to cut out the colour safety pin you wish to you.
2. Carefully fold along all fold lines (see key for direction of folds). Before folding it is recommended to score the line lightly with a craft knife or a ballpoint pen that no longer has ink in it. This will make folding easier and more precise.
3. Place part 1 in front of you with the (white side) facing you. Take part 2 and spread glue on the back side (when looking at the back side, the folding sides will be folding away from you).
 - * Avoid putting glue around the semi circle cut mark area.
 - * Leave the folding sides unglued otherwise the paper will wrinkle when folded.Glue part 2 onto part one.
4. Once you have chosen a coloured safety pin (parts 3), fold up the diaper envelope by first folding up from the bottom, then fold the left side in, and lastly fold the right side in. Place it in front of you and insert tab A of the safety pin into the cut line on the diaper envelope, sliding it in from right to left.
5. Once the safety pin is in place (slotted into the cut line of the left flap of the diaper), add a little glue to the pink guide mark on the right flap of the diaper. Then fold down the left flap, (holding the safety pin aloft slightly), fold down the right flap so it overlaps on top of the left flap and glue the safety pin in place onto the right flap of the diaper, making sure you have lined it up with the pink guide mark.
6. Take parts 4 (the vouchers) and fill in your own personalised gift ideas to give to the new parents. Some ideas could be: a home cooked meal, a night's babysitting, a run to the grocery store, taking baby for a walk so the parents can catch up on sleep. They have been left blank so that you can choose!
