

Easter Treat Cones

How-to:

Step 1

Print and cut out the printable cones, handles, and flowers. Fold the cone along the dotted line.

Step 2

Apply hot glue along the printed side of the flap. Roll the cone into shape and press the flap to secure inside the cone. Use more hot glue to attach each end of the handle to the inside edge of the cone.

Step 3

Use glue to layer the flower pieces together. Add a pom pom to the center if you wish.

Step 4

Glue the flowers onto the cones and let dry. Fill the cones with Easter treats!
