

GRADUATION celebration bottle label

With the label, gift tag and paper tassel on the next page you can easily jazz up a celebratory drink to toast to the new graduate!

by LAURA K SAYERS

< Simply cut out the main label template with scissors or a scalpel and wrap round a bottle, attaching at the back with a strip of double sided tape.

^ Cut out and punch holes in the gift tag and tassel designs and thread a ribbon through to tie them to the neck of the bottle. Gift to your graduating friends and family or create a themed drinks table at a party!
