

MOTHER'S DAY concertina card

A sweet scene perfect for sending love on Mother's Day, or just to celebrate the women in your world!

Print out onto cardstock or thicker paper, and cut out the template using scissors or a scalpel. You can either keep the card to a rectangle shape by following the lines, or if you have more time you could cut neatly around the characters to help them stand out more.

Fold in half and then into four, alternating your folds in and out so the card forms its concertina 'M' shape. Make it your own with a personal message on the back.
