

Instructions:

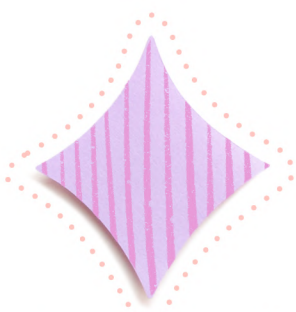

Print off the illustrations from the next two pages onto cardstock or paper, and cut round the dotted lines.

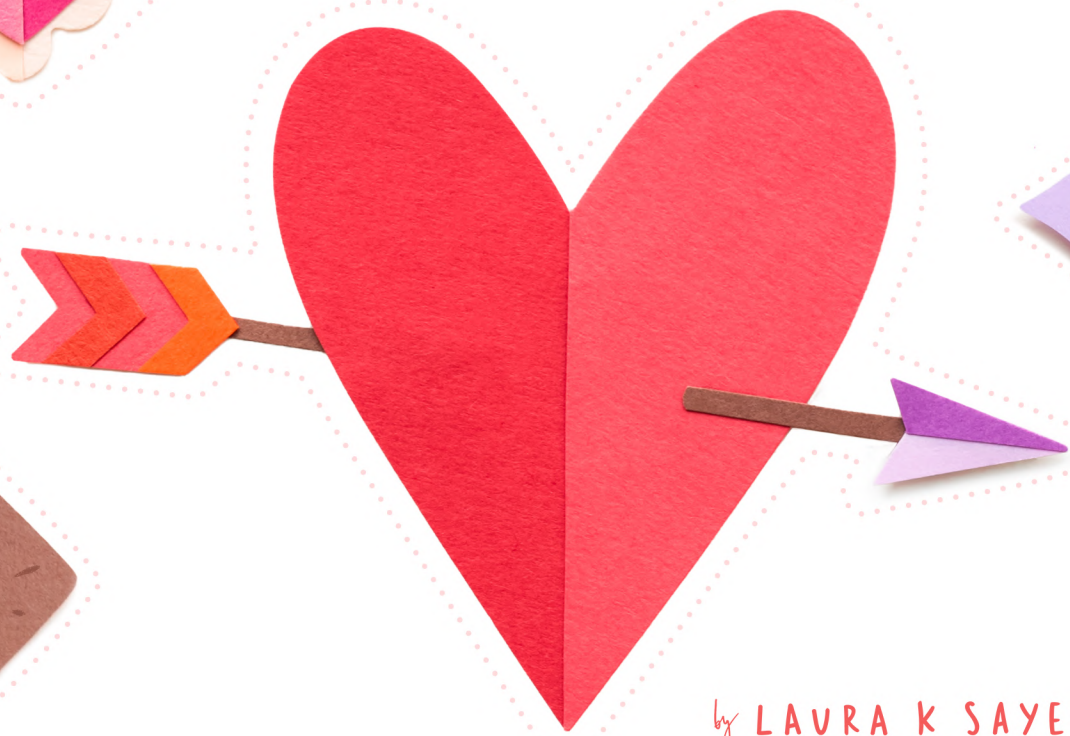

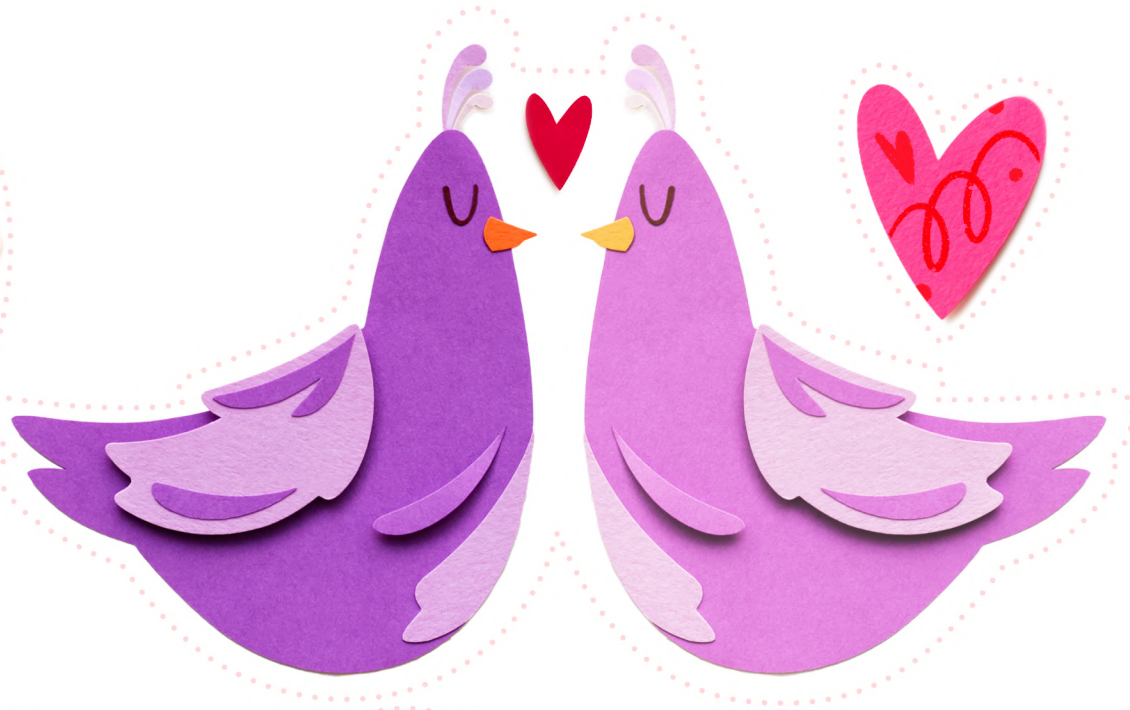

You can include the white border or trim right to the edges of the designs - it's up to you!

With a couple of metres of string or ribbon, either tape or staple, or use a hole punch to attach each of the illustrations with a gap between each to make a decorative garland.

Hang it up in your home and celebrate your loved ones!
