

# ICICLE NECKLACE

*By Little Button Diaries*

## YOU WILL NEED:

- Templates
- Coloring Pens and Pencils
- Glue Stick
- Corrugated Cardboard
- Thin Elastic
- Wooden Skewer
- Needle (optional)

1

Glue the snowflake and icicles onto corrugated card with the corrugations lined up horizontally. Cut these out.

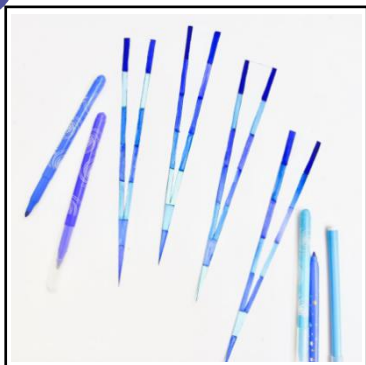

2

Color in the snowflake and icicles.

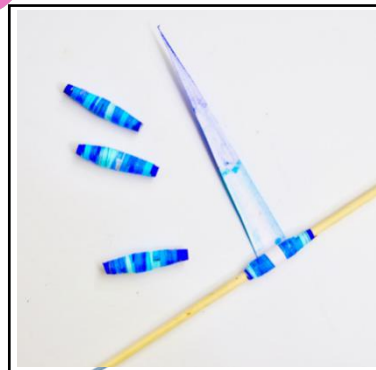

3

Color in the edges of the paper bead templates (the center will not be visible). Cut these out.

4

Add a dot of glue to the widest end, on the colored side. Roll up the paper beads on a wooden skewer, then glue the end to stop it unwinding.

5

Thread the beads, snowflake and icicles onto a piece of thin elastic using the corrugations of the card. You may need to use a wide needle to help thread them on.
