

Bunny Bottom Notebooks

How-to:

Step 1

Print out both pages of the printable. Cut out the bunny bottoms - these will be the front covers of the notebooks. Cut out as many blank pages as you like, layering printer paper together to cut multiples at once.

Step 2

Layer the blank pages together and top with one of the bunny bottom covers. Staple together or punch a small hole and keep together with a brad.

Step 3

Apply a small dab of glue onto a pom pom (or cotton ball) and stick onto the bunny bottom cover.

Step 4

Fill the notebook with Easter drawings, notes, stickers, and memories!
