

Thanksgiving Place Cards

by LAURA K SAYERS

Instructions:

Print out the next page onto thin card - autumnal pastel colours like peach or light yellow work really nicely with the design if you can find some, but white will look just as good.

Using either scissors, a craft knife and ruler, or a paper guillotine, cut along the faint lines.

Fold each place card in half along the dotted line (you may need to score them first depending on the thickness of your card), and write the name of your guest in the middle of the sentiment.

*Why not pair with Laura's thanksgiving place mats to complete the seasonal look?
Search for Laura K Sayers on HP Printables.*
