

paper rocket

Materials:

Scissors
Printed Template
Glue
Tape
Toilet roll

Instructions:

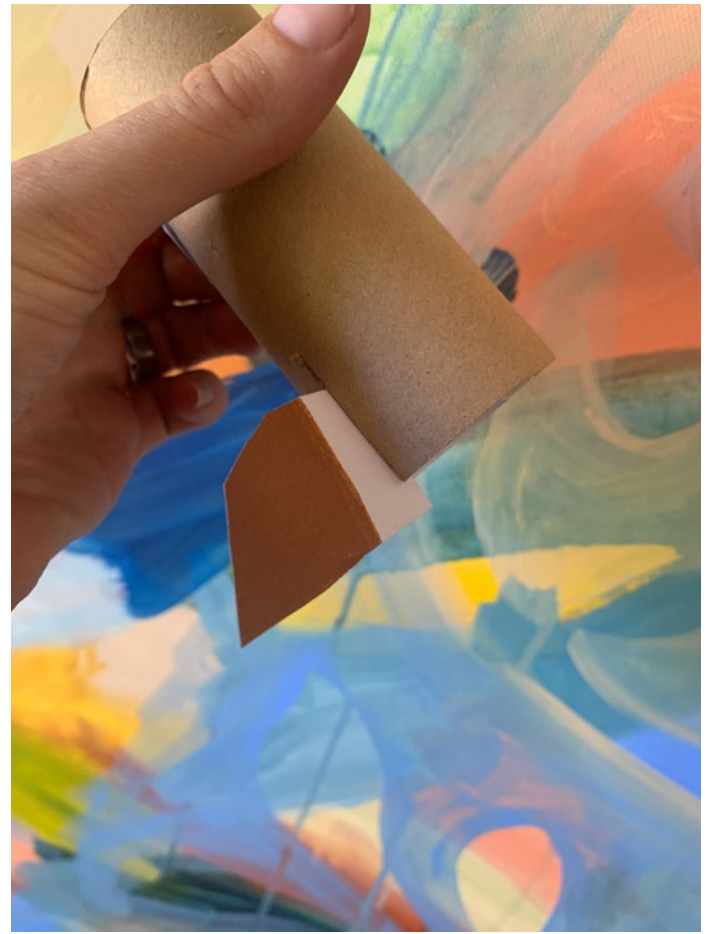

Step 1: print and cut out your template pieces

Step 2: curve the top red band so it makes a cone shape as pictured and secure with tape.

Step 3: make a snip on each side of your toilet roll at the base.

Step 4: insert the two "jets" to the snipped section, they should slot into place.

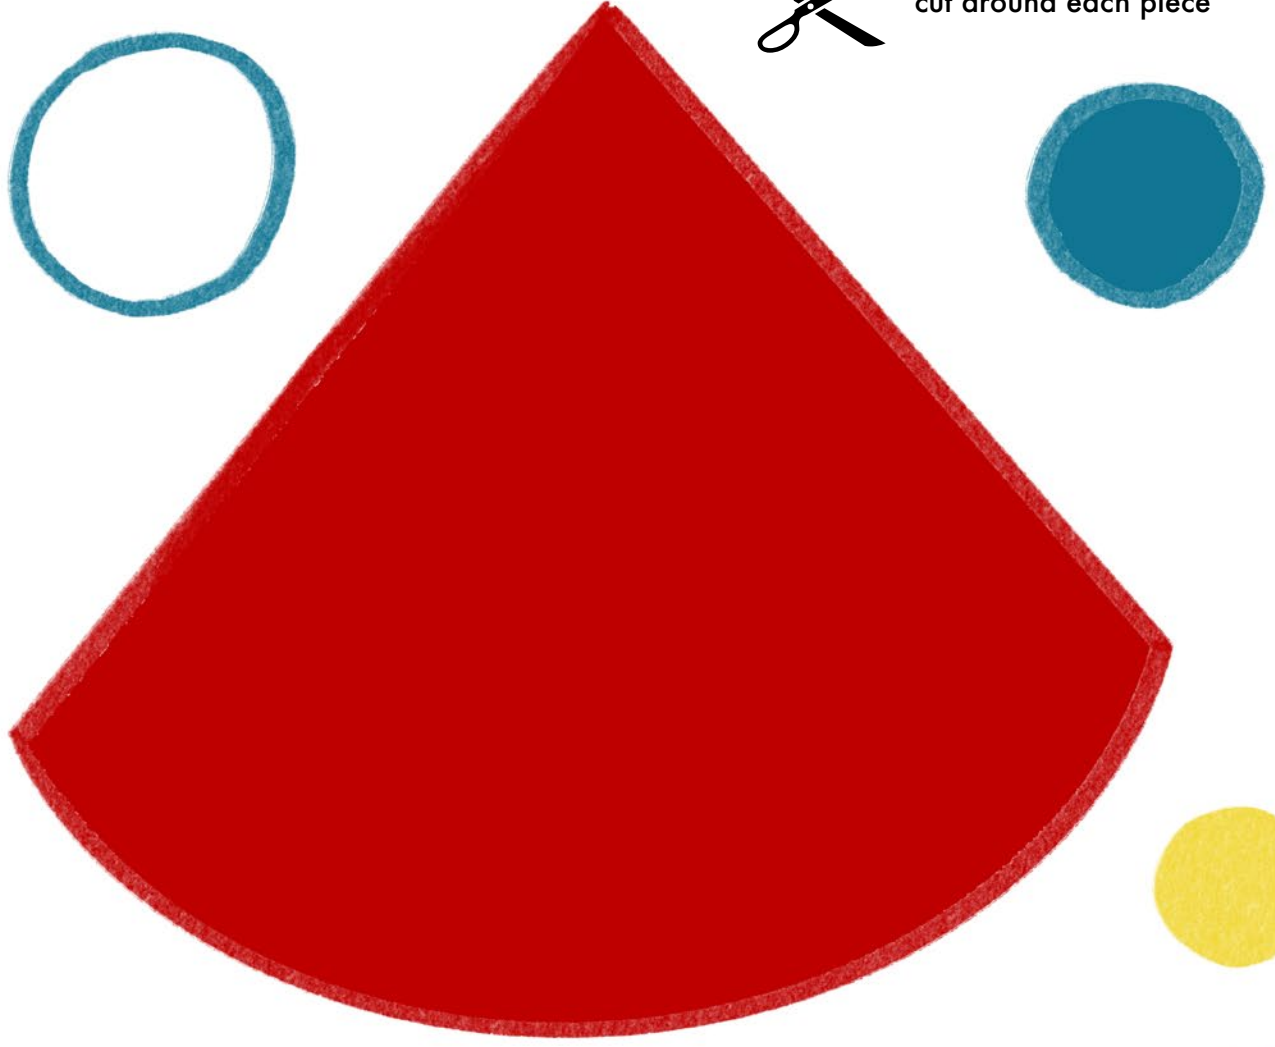

Step 5: to finish off your rocket, add your rocket top from step 1 with tape to secure it, then decorate with pieces from your template such as stars, windows, a door etc.

Your rocket is ready to launch!
