

# ALPHABET PHONICS CHART

THE DAILY ALPHABET

This ABC Phonics chart is great for students who are learning about the sounds that each letter makes. This can be used as a whole class review, intervention activity, and can also be sent home for additional practice.

The ABC Phonics chart can be used:

- For students who are at the beginning stages of letter recognition, have them say the name of the letters, “A is for apple, a, a, a.” This allows them to practice with Capital and lowercase letters.
- For students who are learning letter sounds, have them say “A is for apple, /a/, /a/, /a/.
- As students progress, the ABC Phonics chart can be cut up and used as a puzzle. The teacher will say, “I’m looking for a letter that sounds like /w/. The student would find the correct strip.
