

RAMADAN

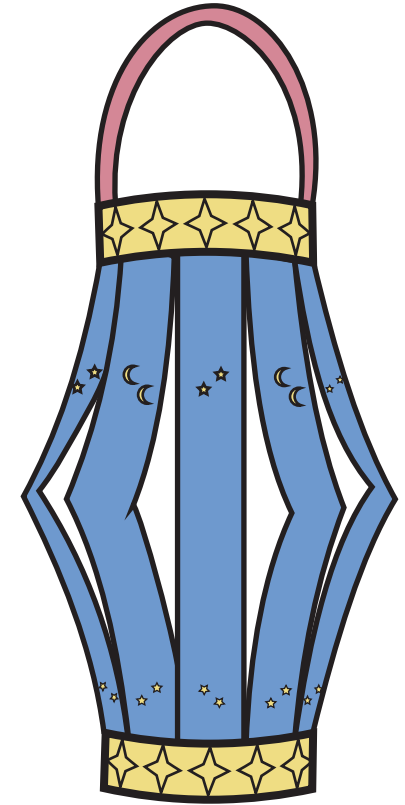

PAPER

LANTERN

How to make your Ramadan lanterns

1. Print out as many copies as you'd like lanterns
2. If you've chosen the black and white version, feel free to colour it in before you start assembling!
3. Fold along the sections marked with the dashed lines
4. Cut along all bold lines on the outside of the shape
5. Fold in half and cut along the bold lines in the middle of the sheet
6. Unfold and glue along the folded tab
7. Stick together in a tube to form the lantern
8. Cut out the handle and glue each end
9. Stick the handle inside the top of the lantern
10. You're finished! If you have string, you can hang them around your house

WHAT YOU'LL NEED:

SCISSORS

GLUE

COLOURING PENS/PENCILS (OPTIONAL)

STRING TO HANG (OPTIONAL)

FOLDING & CUTTING
