

# WEATHER DIARY

NAME .....

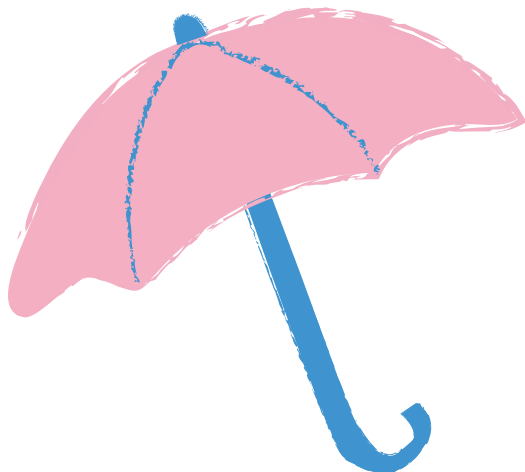

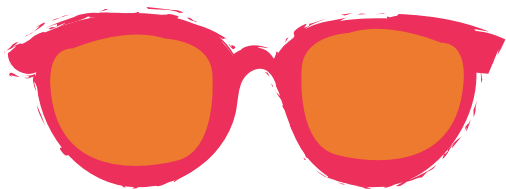

DATE .....

| DAY       | TYPE OF WEATHER | TEMPERATURE |
|-----------|-----------------|-------------|
| Monday    |                 |             |
| Tuesday   |                 |             |
| Wednesday |                 |             |
| Thursday  |                 |             |
| Friday    |                 |             |
| Saturday  |                 |             |
| Sunday    |                 |             |

# CLOTHES SORTING

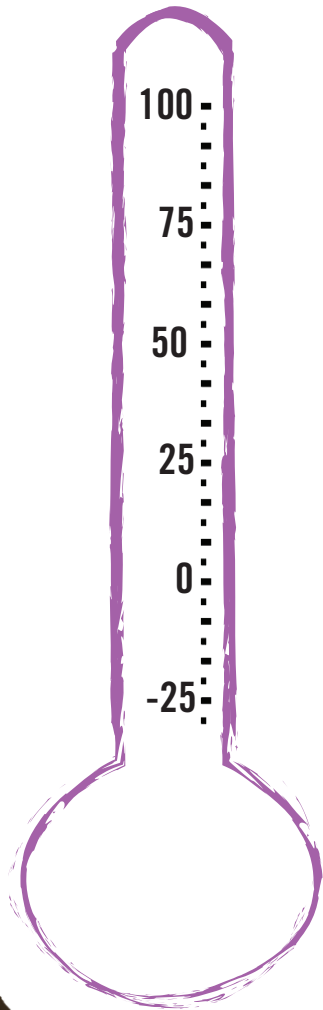

Draw a line to match the accessories to the correct weather.

Can you find all these accessories in your house?

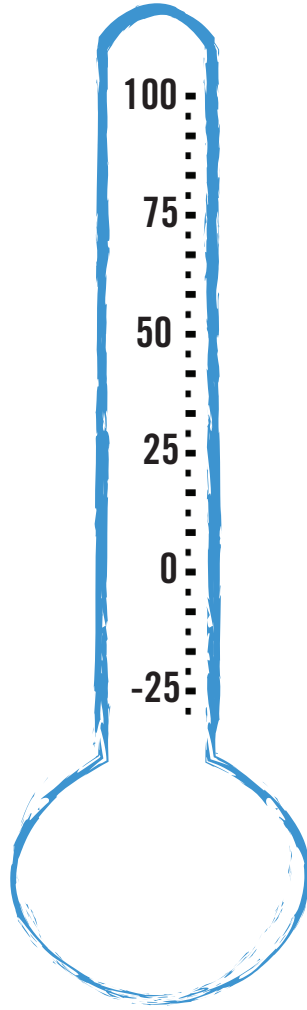

# TEMPERATURES

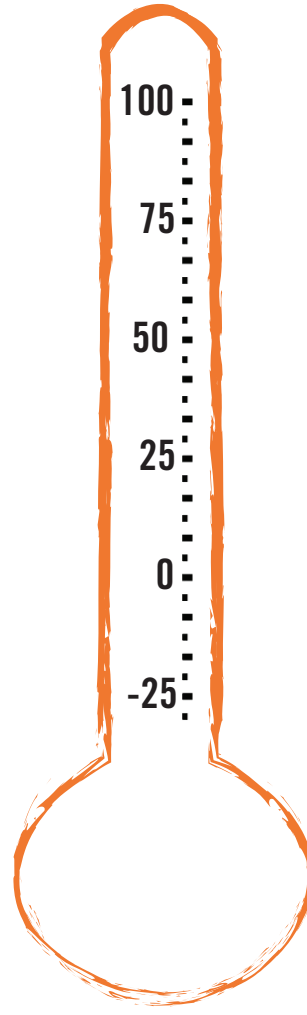

Color in the thermometer to the correct temperature.

50°F

0°F

75°F

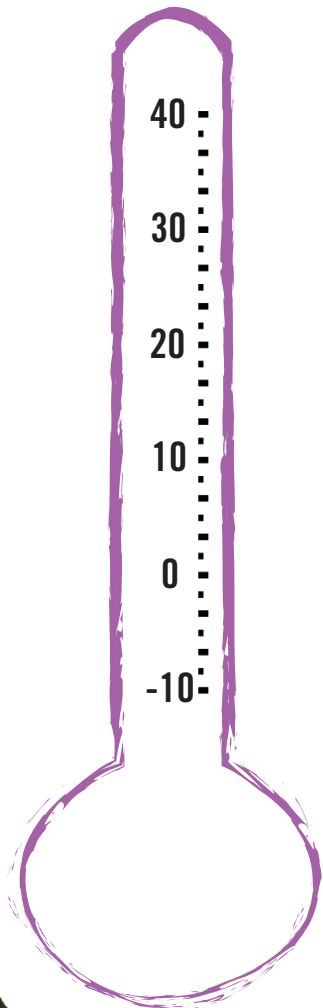

Which temperature would a giraffe prefer?

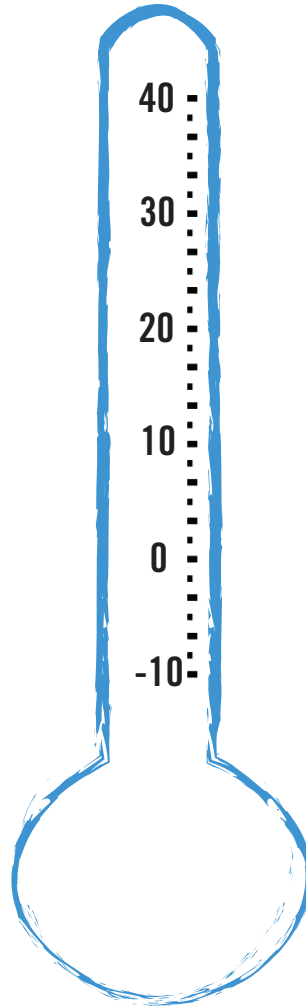

Which temperature would a penguin like?

# TEMPERATURES

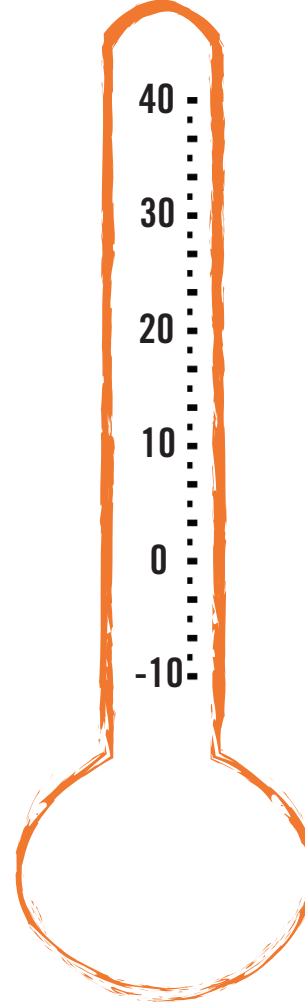

Color in the thermometer to the correct temperature.

20°C

0°C

30°C

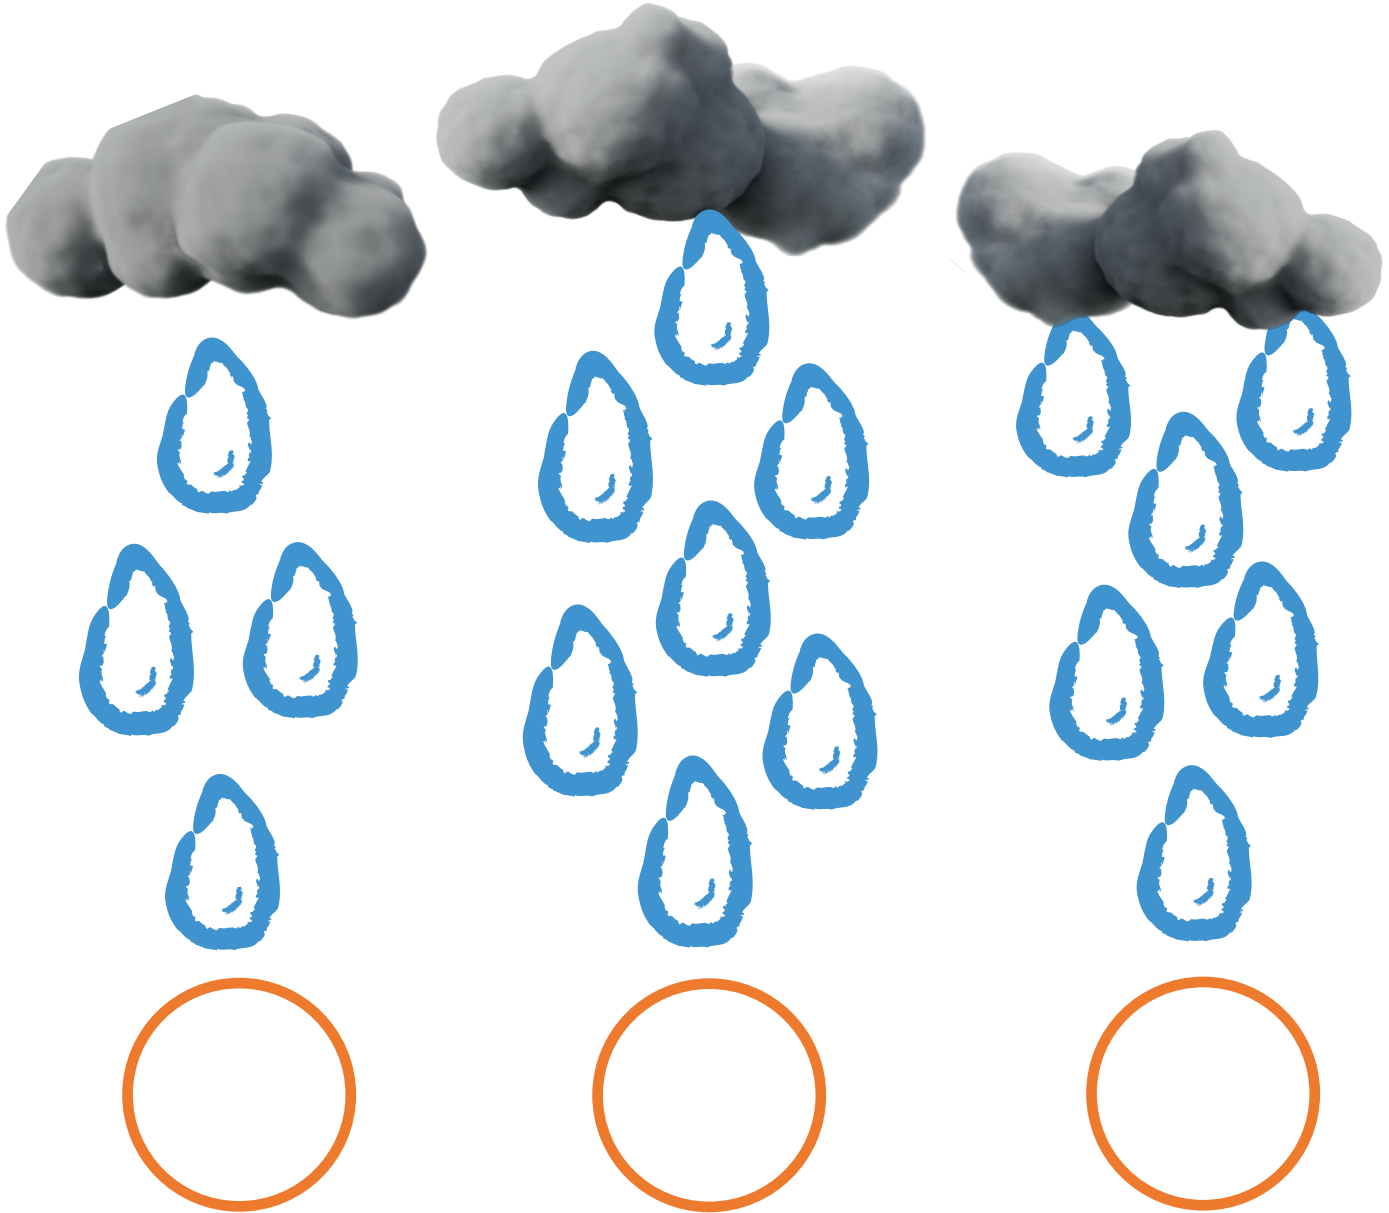

Which temperature would a giraffe prefer?

Which temperature would a penguin like?

# COUNT THE RAINDROPS

Write the number of raindrops under each cloud.

What's the total number of raindrops from all the clouds?

Is the total number of raindrops an odd number or an even number?
