

# Climbing Monsters

By Little Button Diaries

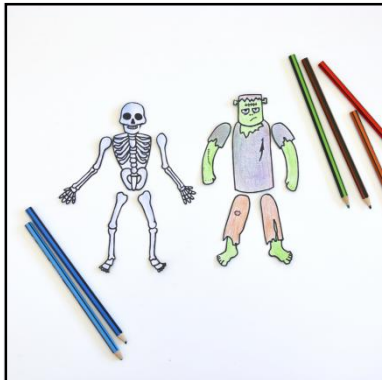

## You will need:

- Template
- Card
- Coloring pencils
- 4 large beads
- Drinking straw
- Glue
- String
- 8 Brads
- Adhesive putty
- Pin

### Step 1

Glue the templates onto card, color in and cut out.

### Step 2

Use a pin and some putty to make holes on the body and limbs where indicated on the template. Connect the limbs to the body using brads.

### Step 3

Cut four 1 inch pieces of straw. Glue two to the back of each monster as shown.

### Step 4

Feed about 3/4 yard of string through the straws. Tie a bead to each end of the string to keep it in place.

## How to play

Hang your monsters on some coat hooks (or you could use the back of a chair or a door knob). Tug on the ends of the string to make the monsters magically climb to the top!
