

Print this roadmap and cars for your child to play with! Put together the cars and let them tell stories as they make it to different stops along the road.

---

Print out all five pages of the road and cars printable. We recommend printing in color on 8.5" x 11" paper.

Cut along the dotted line around each car.

Fold the car in half so that the silhouette lines up on both sides and glue together.

Cut along the dotted line around each page of the roadmap.

Tape the map pages together so that the illustration lines up perfectly to form a mat to play with.

Let your kids' imagination run wild!
