

Easter Bunny Window Decal / Sticker

1) Glue the inner ears to the yellow base of the ears

2) Glue these to the top of the head , along with the arms

3) Glue the snout between the eyes.

4) Arrange the eggs behind the bunny, and glue them down

6) How you arrange them is up to you, but start gluing the eggs at the front, before layering the others behind

7) Finally, glue the sign on the front, and write what you want on it. You can now stick it inside your window, with a bit of sticky-tape
