| ASSEMBLY INSTRUCTIONS   |                   |
|---|-------------------|
|  _____ | Cut on this line  |
| -----   | Fold on this line |
| -----   |                   |
| YOU WILL NEED:  |                   |
|        | Scissors          |
|        | Stapler           |
|        | Double sided tape |

## 3-D PAPER SNOWFLAKE

---

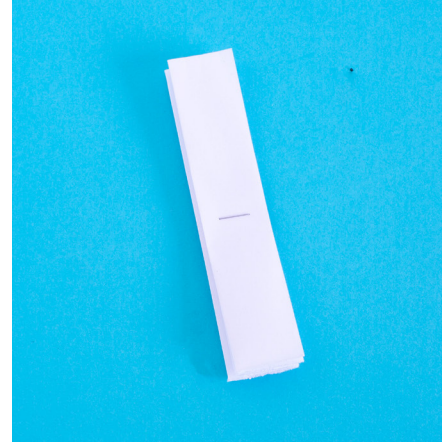

### INSTRUCTIONS:

1. Use printer paper or any type of thin paper. Cut to 8.5 x 5.5" size.
2. Fold your paper into an accordion with each pleat the same width as the template.

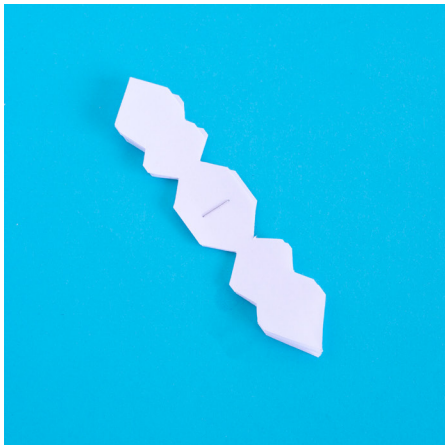

3. Fold your accordion together and staple in the center.

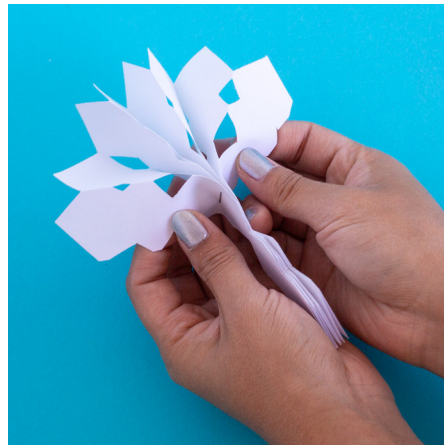

4. This is what it should look like. Now cut out your template and place on top or create your own pattern.

5. Cut out your design making sure you leave some of the folds on the sides.

6. This is what the snowflake looks like before it's opened.

7. Carefully separate the pleats.

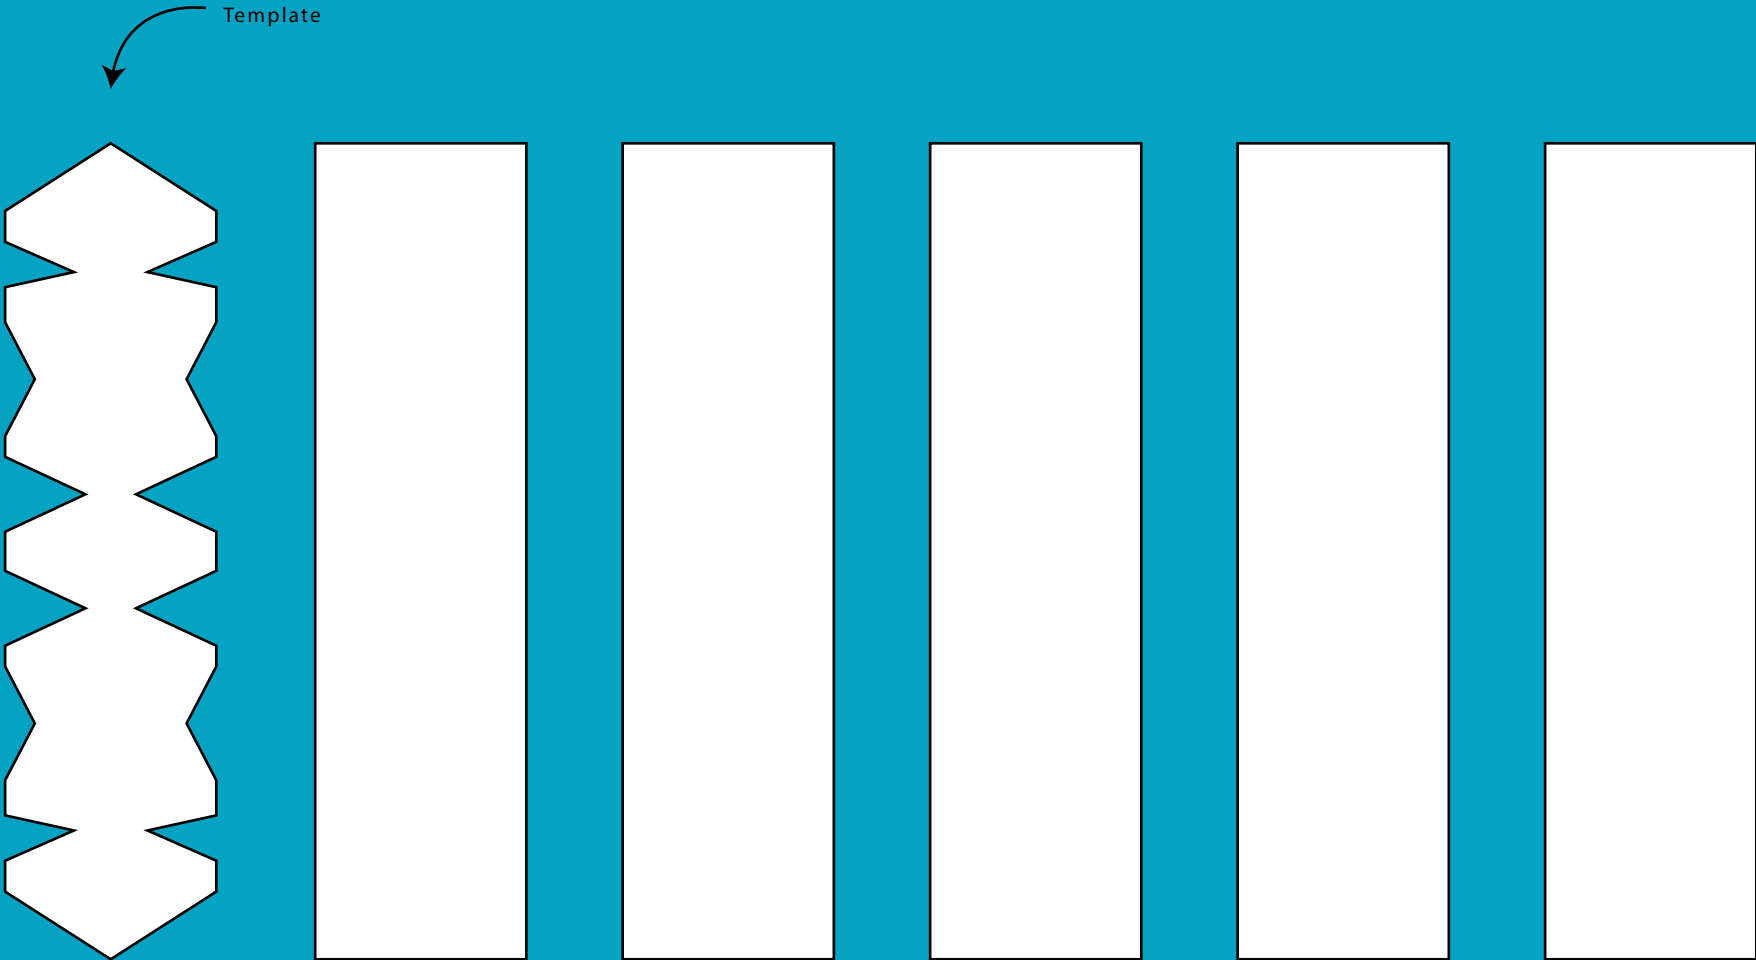

8. Tape or glue the two end pleats (the ones separated by the staple) together.

9. Add string to the snowflake to hang and enjoy!
