SANS TECHNOLOGY INSTITUTE

Annual Single Course Discount **for Alumni**

Continue your education with SANS.edu.

The **SANS Technology Institute** (**SANS.edu**) offers alumni* the option to take one course every 12 months at the current tuition rate for the highest program completed as a SANS.edu student. Alumni are eligible for this discount one year after completing their program.

Example: if an alum earned both a certificate and master's degree as a student, the alum would receive the current tuition rate for the master's program. Tuition includes the SANS Training and GIAC exam. No academic credit will be awarded for the course. Follow this step-by-step guide to use your alumni discount.

STEP 1
Choose your course from this list.

Tuition includes the cost of the course and GIAC certification exam.

Once received, your registration will be processed based on your intended start date.

STEP 4
Earn your GIAC certification.

Because credits are not awarded for continuing education courses**, you will have the standard 4 months to attempt your GIAC Certification exam.

Other Alumni Benefits

Alumni interested in enrolling in additional programs at the SANS Technology Institute will benefit from:

Waived Application Fees

Alumni applying to a subsequent program will have their application fee automatically waived. Examples include:

- A student completes an undergraduate program or graduate certificate and seeks to enroll in the master's degree program. An application is required for the master's program, but the fee is waived.
- A student completes an undergraduate program and seeks to enroll in a graduate certificate. An application is required for a graduate certificate program, but the fee is waived.

Streamlined Enrollment Process for Subsequent Graduate Certificate Programs

Graduate certificate or master's degree alumni can enroll in a new graduate certificate program within one year of finishing their program without needing to complete the full admissions process again. Follow the steps below to begin a new program. This streamlined process can be completed in around a week:

- Contact your student advisor within one year of program completion
- Submit a Reconsideration Form
- Submit a Funding Options Form
- Upon admission, complete a Matriculation Form

"I have my master's in computer science, but I completed three graduate certificate programs with SANS so I could truly dive deep into technical areas of cybersecurity and learn from instructors who are leading the industry."
