WHY TRADE ME?

Source: Trade Me Internal
Data July 2025.

KIWI REACH

Trade Me users are busy researching, buying, and selling, driving **over 48 million sessions*** every month.

DATA LEADER

Our first party audience data tells a million stories through **intent and interest indicators on the path to purchase** from over 3.6M Kiwi.

TRUSTED

We're a **trusted New Zealand brand** that offers a brand-safe environment.

RELEVANT

We connect your message with the **relevant audience at every step of their journey**, from research to purchase.

1ST PARTY DATA

NZ's largest data set of Kiwi who are researching, buying and selling. Target member address, age, gender and 150+ personas based on the behaviours linked to over **3.6 million Kiwi**.

CATEGORY

Over 400 categories and 1000s of subcategories.

Contextually target categories across Property, Motors, Jobs & Marketplace as members research, compare and add to their watchlist.

WATCHLIST

Target our members demonstrating the strongest intent to purchase, by adding an item to their watchlist.

LISTING ATTRIBUTES

Target search filters and listing attributes such as price, make, model, new vs. used, location and many more.

KEYWORD

Target listing keywords and searches including items and brands.

DATA CLEAN ROOM TECHNOLOGY

We can now overlay our first party data with your database in a privacy conscious manner

The future of digital marketing will be built on first-party data. Trade Me has the most powerful first-party data set in NZ.

- + **Offers a secure way for organisations to collaborate** and analyse data together, helping them to make the most of first-party data in a privacy conscious way.
- + **Privacy and Compliance** A decentralised data clean room prioritises data privacy by keeping data in its original location utilising techniques such as secure enclaves to analyse data without moving it.
- + **Minimise Risk** Data remains under the control of its respective owners, minimising the risk of data breaches and unauthorised access. Ideally suited to Banking, Insurance and Utility companies.

UNLOCKING MORE VALUE

Data Clean Room technology has allowed us to create valuable new products:

NEW
PRODUCTS!

DATABASE ACTIVATION

Custom Targeting on Trade Me allows your campaign to reach any of your matched customer segments with specific creative.

E.g. Exclude your segments and target unique creative to potential customers.

LOOK-ALIKE MODELLING

Lookalike modelling leverages our 3.6M-member database to cross-reference your customer segments and pinpoint larger target audiences

E.g. Improve ROI by targeting custom segments similar to your existing customer base.

PROPENSITY INDICATOR

Propensity Indicator allows you to identify who in your customer base has recently shown strong intent signals to buy.

E.g. Target customers in your database that are in the market for a new car or property.

DATABASE INSIGHTS

Database Insights allows you to run an affinity overlay across a range of Trade Me demographic data and persona segments

E.g. Learn a whole lot more about your customers and index them against 3.6M Kiwi.

Tucked among mature trees in sought-after Heritage Park and just a short walk from Wanaka's town centre, Mountain Range Lodge offers a rare blend of privacy, charm, and incredible potential. Crafted with natural timbers and timeless schist stone, this warm and welcoming property sits on expansive, easy-care grounds with stunning mountain views.

Purpose-built to host and accommodate, the lodge comprises eight spacious bedrooms, six of which are ensuited, with a total of seven bathrooms. Each suite has direct access to sun-soaked decks or garden areas, creating a peaceful retreat for guests or residents alike.
