

RECALL NOTICE

Certain Power Steel, Steel Pro and Coleman Power Steel Above-Ground Pools 48 Inches or Taller with Compression Straps on the Outside of the Vertical Support Legs of the Pool

The pools use compression straps that surround the exterior wall and the support poles of the pool which a child may use as a foothold to gain access to the pool, posing a drowning hazard.

The recall repair consists of a rope that will maintain the structural integrity of the pool (a function previously served by the compression strap).

The recalled pools were sold from 2008 through June 2024 for between \$400 and \$1,000.

Consumers should contact Bestway to receive a free repair kit.
