

Product Recall: ATA NEO X, 12-Gauge Shotguns

Dear Customer,

Academy Sports + Outdoors is announcing a voluntary safety recall of certain ATA NEO X 12-gauge Shotguns, which fall between the following serial number range:

**59-H25YT-006487 – 59-H25YT-008426**

Academy Sports + Outdoors was notified by one of its suppliers that the bolt head may have been improperly heat treated and does not conform to Academy's specifications. Improper heat treatment could result in the bolt head fracturing after firing.

**Please immediately cease use of this product until the bolt head is replaced, as continued use may result in damage to the shotgun, bodily injury, or injury to others.**

### **Repairing your firearm**

Academy is offering, at no cost to the customer, to ship your firearm to be repaired by having the bolt head replaced with one that meets Academy's specifications. If your shotgun falls within the serial number range as listed above, simply bring your shotgun to the nearest Academy location, and our team will send it off to be repaired. We will contact you once your shotgun has been repaired.

Alternatively, you may reach out to the repair facility directly to coordinate shipping the firearm to be repaired. The contact information for the repair facility is listed below:

TR Imports Distributors Inc.  
5778 PARK VISTA CIR STE 302  
FT WORTH, TX 76244  
817-750-2291
