

Ellie Mae Independent Software Vendor (ISV) Partner Program

This new path to partnership with Ellie Mae ISV's can have a competitive advantage in building a direct relationship with Ellie Mae clients.

This program was formed to allow ISV's to create a secure and seamless integration from their application or solution to the Encompass Lending Platform. These integrations enable ISVs to efficiently interface and share data with thousands of Ellie Mae customers.

- Build and deploy more robust, fully tested integrations based on API technology
- Ensure compliance with lender contracts
- Increase sales through participation in Ellie Mae Marketing Programs

Benefits

- Obtain direct access to API's
- Launch scalable, secure solutions using API key functionality
- Get higher engagement and support resources from Ellie Mae
