# Veteran Monthly Assistance Allowance for Disabled Veterans Training in Paralympic and Olympic Sports Program (VMAA)

In partnership with the United States Olympic Committee and other Olympic and Paralympic entities within the United States, VA supports eligible service and non-service-connected military Veterans in their efforts to represent the USA at the Paralympic Games, Olympic Games and other international sport competitions. The VA Office of National Veterans Sports Programs & Special Events provides a monthly assistance allowance for disabled Veterans training in Paralympic sports, as well as certain disabled Veterans selected for or competing with the national Olympic Team, as authorized by 38 U.S.C. 322(d) and Section 703 of the Veterans' Benefits Improvement Act of 2008.

Through the program, VA will pay a monthly allowance to a Veteran with either a service-connected or non-service-connected disability if the Veteran meets the minimum military standards or higher (i.e. Emerging Athlete or National Team) in his or her respective Paralympic sport at a recognized competition. In addition to making the VMAA standard, an athlete must also be nationally or internationally classified by his or her respective Paralympic sport federation as eligible for Paralympic competition. VA will also pay a monthly allowance to a Veteran with a service-connected disability rated 30 percent or greater by VA who is selected for a national Olympic Team for any month in which the Veteran is competing in any event sanctioned by the National Governing Bodies of the Olympic Sport in the United State, in accordance with P.L. 114-223. Since qualification for the Olympic sports is based on disability rating by the VA, this rating functions as the qualifying disability classification for determining a Veteran's eligibility. For both Olympic and Paralympic sports, the national sport organizations include those of the United States Olympic Committee, including its Paralympic Division, and the equivalent organizations for American Samoa, Guam, the Commonwealth of the Mariana Islands, Puerto Rico, and the United States Virgin Islands. Athletes must have established training and competition plans and are responsible for turning in monthly and quarterly reports to continue receiving the monthly assistance allowance. The allowance rate for an athlete approved for monetary assistance is the same as the 38 U.S.C. Chapter 31 Vocational Rehabilitation & Employment (VR&E) rate.

Evaluative criteria differ from sport to sport and can vary from open tryouts, invitation-only tryouts, world rankings, achievement standards or a combination of standards and tryouts. The VMAA Standard for each sport is determined by the respective National Governing Body (NGB) or High Performance Management Organization (HPMO), National Paralympic Committee (NPC), based on the sport and/or discipline/event international competitive analysis and existing athlete pipeline. Generally, the initial VMAA Standard is 25 percent less than the respective sport's national team criteria or equal to the International Paralympic Committee (IPC) determined Minimum Qualifying Standard (MQS) where applicable. Standards may be graduated to require periodic improved performance over time to achieve progress as a developing athlete. To learn more about the specific sport standards, the VMAA, or sport pipelines, please visit our website at www.va.gov/adaptivesports.

#### **VMAA Standard**

#### Eligibility

Athletes may attend clinics/tryouts held by national team staff or request an individual tryout at the national team training site (Edmond, Oklahoma) to be evaluated for consideration to join either the National Sitting Volleyball Team or the A2 Development Program. Once added to the National Team Training Roster or the A2 Program, athletes will be eligible for the allowance provided the following conditions are met.

#### National Team Athletes

 There are two categories of national team athletes, resident and nonresident. Each category has specific training and reporting requirements.

#### Resident Athlete

To become a resident athlete, an athlete must have shown significant potential for development and be invited specifically by the respective national team head coach to begin training daily at the national team training site. Housing and education assistance may be available for resident athletes.

#### Non-Resident Athlete

- A Non-Resident Athlete will be responsible for training in their community.
- As an athlete progresses through his/her development, there is an expectation for the athlete to become a resident athlete for at least a one to two-year period to immerse themselves in the training of the game. History has shown the advancement of an athlete who trains as a resident athlete at the national team training site develops their abilities at an exponential rate as compared to that of a non-resident athlete.
- National Team Athlete Training Requirements
- The required training and reporting standards are listed below:

#### National Team Resident Athlete

On-court skill training sessions at least five days a week and conducts strength and conditioning sessions three to five times a week (13 hours total minimum)

Required to attend all national team training camps and/or competitions, and any A2 Camps as determined by the national team head coach and/or the high performance director. USA Volleyball will cover all travel expenses to/from all national team training camps and competitions. USA Volleyball will determine if the cost of travel to an A2 camp or competition will be at the expense of the athlete or the national team.

#### National Team Non-Resident Athlete

On-court skill training sessions at least three days (minimum of six hours total) a week and conducts strength and conditioning sessions at least two times a week (minimum of two hours total). Eight hours total of training is the minimum requirement.

Required to attend all national team training camps and competitions, and any A2 camps as determined by the national team head coach and/or the high performance director. USA Volleyball will cover all travel expenses to/from all national team training camps and competitions. USA Volleyball will determine if the cost of travel to an A2 camp or competition will be at the expense of the athlete or the national team.

Non-resident athletes will find a training partner or coach to guide and assist in the training that will be provided by national team staff. The head coach will confirm the player's training partner or coach.

Non-resident athletes will film a portion of their on-court skill training and strength and conditioning workouts each week. The national team staff will give direction on what should be filmed. Film will be submitted to the appropriate national team staff member to be analyzed and critiqued to provide feedback to the athlete.

Non-resident athletes will maintain a log of skill workouts (drills completed, reps/time spent on drill and total time spent on workout) and strength and conditioning workouts (sets, reps, weight/time and total time spent on workout).

Non-resident athletes will use a web-based program (which is provided by the national sitting volleyball office) to log all activity on a weekly basis. Failure to report is failure to complete.

#### National Team Athlete Training Verification

All athletes will gain the sitting volleyball high performance director's signature once a month to verify the completion of the above-mentioned criteria. It is the responsibility of the athlete to submit all necessary forms in a timely manner for review and signature. It is the

responsibility of the athlete to submit the approved paperwork to the VA according to their procedures and standards. Any falsification of documentation may result in the immediate dismissal of an athlete from the VMAA program, and possibly other sanctions, including team dismissal, from USA Volleyball.

#### A2 Development Program Athlete

New athletes who are identified and recruited to participate in USA Volleyball's high performance sitting A2 program will be eligible for the VMAA once they have participated in at least three training camps or competitions and maintain their attendance to have not missed no more than two A2 program events of the previous five events held, on an on-going/rolling schedule.

Athletes will be expected to make their own travel arrangements to all camp or competition locations, at their own expense, and USA Volleyball will provide the necessary housing, meals, and local ground transportation to/from the local airports as needed.

USA Volleyball recognizes that VMAA funds provided may exceed the expenses of attending all or the necessary minimum to be eligible to receive the VMAA funds, and strongly encourages athletes to utilize the extra funds to facilitate skill training in their community with a local volleyball coach and to improve their strength and conditioning at a local gym.

For questions regarding the VMAA standards or to request a tryout, please send an email to sitting.volleyball@usav.org.

#### **VMAA Standard**

General time standards for triathlon are difficult to use as a basis of someone's performance ability in the developmental pipeline because course conditions (distances, weather, topography, etc.) make the race times so variable, so in 2019 there are five (5) events in which an athlete can achieve the military standard.

These are the events in which athletes can strive to achieve this standard:

- CAMTRI Paratriathlon American Championships March 9-10 Sarasota Fl
- ITU World Paratriathlon Series Montreal June 28 Montreal, Canada
- ITU Paratriathlon World Cup Magog July 13-14 Magog, Canada
- USA Paratriathlon National Championships July 20 Long Beach, CA
- ITU Elite Paratriathlon World Championships Aug. 29 Sept. 1 Lausanne, Switzerland

The chart below shows the finishing time an athlete needs to complete at the events above, to achieve the emerging and national standard. For the emerging standard, this calculation is 30 percent behind the 2018 ITU World Champion finishing time, and for the national standard, it is 15 percent behind the time. If an event is shorted to a duathlon then the race is voided as a qualifier.

Additionally, an athlete who achieves a spot on the USAT National A, B, or Emerging Teams has also achieved the emerging standard. The criteria for these teams can be found at

#### **VA Monthly Assistance Allowance Re-Certification Process**

The following is a list of the requirements each certified Veteran athlete must complete each year to be eligible for the VA monthly assistance allowance under the VMAA Program.

#### **Emerging Veteran Athletes**

Every emerging athlete must meet the following criteria **every 12 months** to remain on the certified VA monthly assistance allowance under the VMAA Program pay list:

- 1) Continue training on an ongoing basis, which includes providing applicable Paralympic or Olympic representative of the respective National Governing Body (or equivalent), with a copy of his/her personal training plan for each month, complete with training and competition plans.
- 2) Complete VA Form 0918a monthly.
- 3) Provide proof of performance of the achievement of the VMAA standard or higher for his/her respective sport and sport class every season, with a maximum allowable certification period of 12 months. Achievement of a certified performance renews the 12-month period. A sport may have more stringent reporting or qualifying periods that VA will abide by on a sport by sport basis.

#### **National Team Veteran Athletes**

Each National Team Veteran athlete must meet the following criteria every 12 months to remain on the certified VA monthly assistance allowance under the VMAA Program pay list:

- 1) Continue training on an ongoing basis; which includes providing National Paralympic or Olympic Committees, or the respective National Governing Bodies with a copy of his/her personal training plan for each month, complete with training and competition plans.
- 2) Complete VA Form 0918a on a quarterly basis.
- 3) Achieve the National Team standard for his/her respective sport and sport class at <u>least once every 12 months</u> [as defined by the sport] at a sanctioned event outlined by the sport requirements. Results of the performance must be reported by the athlete to applicable Olympic or Paralympic Sport Program Manager.
- a. If within the competitive season a national Paralympic team standard is not met, but a VMAA or higher standard is achieved, the athlete will continue to be eligible for the VA Training Allowance under the emerging athlete process (see above for details).
- b. If within the competitive season a national Olympic team standard is not met, the athlete will not continue to be eligible for the VA Training Allowance because the eligibility criteria is national Olympic team member, by law.
- 4) Be certified by national team coach or respective sport high performance director on a quarterly basis and achieve the VMAA standard or higher for his/her respective sport and sport class every season, with a maximum allowable certification period of 12 months.

#### **Re-Classified Veteran Athletes**

If a Veteran athlete is reclassified within their current Paralympic sport during the competition season, the athlete will have until the end of the <u>NEXT</u> competition season to achieve the VMAA standard or higher in the athlete's new sport class. The athlete will remain on the VA monthly assistance allowance under the VMAA Program pay list during this time if they continue to meet the following criteria:

- 1) Continue training on an ongoing basis, which includes providing the applicable Paralympic sport entity with a copy of his/her personal training plan for each month, complete with training and competition plans;
- 2) Complete VA forms monthly.
- 3) Continue to actively compete in sanctioned events throughout the competition season [as defined by the sport].

Because there is only one legal classification standard for all Olympic sports, any Veteran entering into or between Olympic sports must meet that classification standard before being considered eligible for receipt the VMAA.

#### **Veteran Athletes Changing Sports**

Veteran athletes who choose to switch sports will be treated as "new athletes" and to be approved for the VA monthly assistance allowance under the VMAA Program pay list, an athlete must meet the following criteria:

- 1) Athlete must achieve the VMAA standard or higher for his/her respective sport and sport class at least once in each competitive season every 12 months [as defined by the sport] at a sanctioned event outlined by the sport requirements.
- 2) Results of the performance must be reported by the athlete to applicable Olympic or Paralympic Sport Program Manager.
- 3) Be confirmed to be training on an ongoing basis;
- 4) Be confirmed to be meet the disability classification eligibility requirement and be nationally or internationally Paralympic classified at the time of achieving the standard in the desired sport. If an athlete achieves the performance standard during a fiscal year, but verification of meeting classification is delayed during that year, the athlete may be able to be retroactively covered for the period in which the athlete met standards between initially achieving the performance standard and completion on disability classification.
- 5) Fill out all required VA paperwork.
