NGB Recommendation	Qualifying Competition
NGB AAC Recommendation	Qualifying Competition
Working Group Finding	Qualifying Competition
<i>Finding Notes</i>	
<p>The NGB and its AAC wished to add the sprint distance competitions to previously approved competitions at the Olympic distance. This was since the World Series now includes both distances within the course of the series and that the sprint distance results are operative in the team selection process for mixed relay racing at the Olympic Games. The panel would like it noted that this event would qualify beginning from the first time it was held as it has been gender equal since its inception.</p>
