

Charitable Contributions Application Timelines

Disclaimers

- Information in this document is only applicable to the Johnson & Johnson Vision charitable contributions process and does not apply to any other Johnson & Johnson-affiliated operating company (e.g., Janssen, Ethicon, etc.) or entity (e.g., Johnson & Johnson Foundation).
- The application timelines outlined below are intended only as general guidance and are subject to change without notice to past, current or prospective contributions applicants.¹

Charitable Cash Contributions

- Eligible applicants may submit a charitable cash contributions application for funding consideration from January 13 – November 7.²
 - **Note:** Applications received outside of the dates listed above (either prior or after) will be ineligible for charitable contributions funding consideration.
- In most instances, the Johnson & Johnson Vision charitable contributions committee will review submitted applications and make a funding decision within 90 days.
 - Regardless of outcome (approved or declined), all applicants will receive an email (sent to the point of contact listed in their application) informing them of the final application status.

Charitable Product Contributions (for overseas medical mission trips)

- Eligible organizations interested in consideration for a charitable contribution of specific, cataract surgery-related products solely for an overseas medical mission trip must submit all required paperwork via the Johnson & Johnson Vision product donations microsite **no less than 6 weeks prior** to their planned trip departure date.³
 - **Note:** Requests for Johnson & Johnson Vision products or equipment not specifically listed on the microsite linked below are ineligible for donation consideration.

¹Submissions of an application through either process (cash or product for overseas medical mission trip) does not constitute a promise or guarantee of charitable contributions support from Johnson & Johnson Vision.

²Refer to the charitable contributions eligibility guidelines and FAQs on our [corporate responsibility webpage](#) for additional information on organization and application eligibility requirements.

³More information on our medical mission trip product contributions process (including other related requirements and product donation application forms) can be found on our [mission trip microsite](#).
