ABOUT PFC

Partnerships for Children was founded in 2003 to support and empower children, youth, and families who have experience with Child Protective Services through resource, mentorship, and support programs.

Our programs aim to fill the gap some of our most vulnerable children face in a time of general uncertainty. Partnerships for Children served **over 13,000 children, youth, and families across Central Texas in 2023**. These efforts are only possible through the generosity of our donors and community partners.

IMPACT FROM SOME OF OUR PROGRAMS:

**OVER 5,000
CASEWORKER
VISITS**

to the Rainbow Room to provide essentials, like personal care items, formula and clothing to children and families.

**MORE THAN
2,500 HRS
OF MUSIC
MENTORSHIP**

through free weekly, private music lessons, giving students the ability to transform their lives through connection and support.

**OVER
120 PORTRAITS
OF CHILDREN**

are displayed in the community galleries combined with weekly local news segments to increase the likelihood of these children being adopted.

**GIFTS TO
OVER 6,500
CHILDREN**

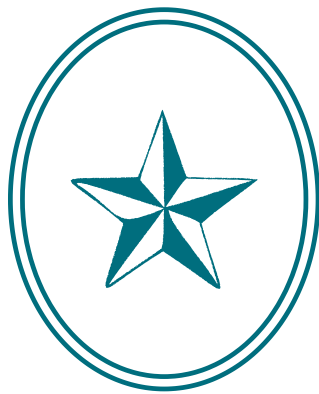

that are in the care of CPS this holiday season. Serving over 25 counties across Texas.
