

Quick, Convenient Debit Card Payments

Borrowers prioritize speed and convenience when making payments. Enable easier ways to pay by implementing debit card capabilities for mortgage servicing clients.

••• **52% of Americans prefer to make loan payments with a debit card!**

Simplified Payment Acceptance for Servicers

Debit cards are a faster and more secure way for mortgage borrowers to pay anywhere and anytime, and for mortgage servicers to:

Expand payment options during month-end and grace periods

Reduce the need for wires or overnight payments from clients

Increase the ability to resolve collection accounts

Improve the client payment experience

Features for Faster Processing

Unlike ACH, funds from debit cards are immediately pulled from the borrower and posted to the mortgage servicer, providing immediate approval or decline responses.

- Integrate seamlessly into existing mortgage servicing platform
- Increase on-time payments using stored payment data for future and recurring payments
- Simplify and consolidate reporting across all payment methods and channels
