

Digitizing & Modernizing Mortgage Origination

Lead Generation & Pre-Qualification

Application

Processing & Underwriting

Approval, Closing & Funding

Lead Generation

Increase conversion rates through omni-channel marketing to targeted audiences with data from Informative Research and PropStream.

Point of Sale

Cloudvirga's digital platform engages customers, empowers originators and removes friction from the loan process.

Credit and Capacity

Informative Research's IRiq provides consumer data including SoftQual, Tri-Merge Credit, Verification of Income, Employment & Assets. IR also offers Fraud, Tax Transcripts, and Flood & Account Monitoring.

Automated Title & Curative

Stewart Accelerate™ empowers lender workflow decisions with automated title and curative solutions.

Appraisals and Valuation Intelligence

Comprehensive suite of compliant solutions including appraisals, BPOs, data and alternative valuations through United States Appraisals and Pro Teck Valuation Intelligence.

Signing Experience

In-person, hybrid, and remote options through expansive notary network with self-service, Signature Closers, LLC, and industry-leading RON platform, NotaryCam®.

Funding

Funds-transfer protection for all participants in real estate transactions through our partnership with CertifiD.
