

# Payments. People. Possibilities.

With Clover Connect's BluePay Gateway, you have access to an integrated payment solution that provides the additional features below with no extra cost to you!

### Improved Security To Reduce Your PCI Scope

Accept payments through a secure portal so that sensitive credit card data never enters your systems or is seen by your staff.

### No Additional Fees

Switching doesn't involve paying extra for additional features. In fact, we guarantee your fees will be lower, or we'll provide a \$1000 signing bonus!

### Signing Up Is Simple & Easy

Direct boarding and simple applications mean you're less than 48 hours away from being boarded onto the CardConnect platform.

### More Ways To Accept Payments

Your business can process credit or debit cards, as well as eCheck (or ACH) transactions for loan servicing payments.

### Dedicated Support

You're not alone. With a dedicated relationship manager and 24/7 support teams, we're here to walk you through sign up and install, as well as handle any future inquiries.

### Complete Transaction Transparency

Transactions can be managed through CardPointe with detailed reports for greater efficiency and cost savings. You can even set up automatic renewals with custom profiles, drastically improving member retention rates.
