

BATTERY CABLE STRIPPER

INSTRUCTION MANUAL

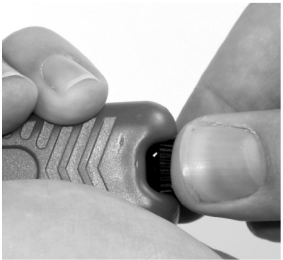

Please read this instruction manual carefully before using and always keep this manual within easy reach.

CONTENTS:

Battery cable stripper

Turn the blade to cutting direction. The blade must be positioned in this direction to make a successful cut.

Adjust the cutting depth and blade direction using the knob on the bottom of the tool.

Push spring tension guide upward then close on end of cable to measure cutting depth.

Rotate tool around cable. This may require several rotations.

Spring loaded tension guide

Non-slip thumb grip

Cutting blade depth/direction adjustment knob
