

# **Greasing Accessory Kit (GAK/P1/8ST/N)**

## **BULK FILLING**

1. Connect the Hose extension to the outlet of grease gun head.

2. Connect conventional or quick connect coupler with hose according to the use.

## KIT ACCESSORIES

3. Connect Quick Lock Grease Coupler with hose, for easy Engagement & Dis-engagement in most of the places.

4. Connect Grease Needle Injector with Coupler, for lubrication in very tight spaces such as universal joints and sealed bearings etc.

5. Connect Narrow Needle Nose Adaptor with coupler, for greasing flush or hard to reach hydraulic type fittings in inaccessible areas.

6. Connect Recessed Lube Adaptor with coupler, for push on greasing of recessed fittings where obstructions would not permit the use of a regular hydraulic coupler

7. Connect Quick Connect Coupler 90° with coupler, for 90° access, very useful for greasing fittings in low height vehicles, shoulders etc.

8. Connect 90° Angled Lube Adaptor with coupler, for greasing inaccessible grease fittings in shoulders and other confined areas
