Welcome to the Human Side of Cyber
Defend Together. Lead Together.

In cyber, pressure is constant. **SANS Surge 2026** trains you to build stamina, clarity, and real-world skill to lead—where pressure-tested training turns readiness into your competitive edge.

Get ready to sharpen skills, refine your mindset, and build resilience with the confidence to thrive under pressure—**the strongest line of defense is you.**

Why Attend SANS Surge 2026?

- **19 expert-led courses** with 15+ GIAC Certifications

- **Featured Keynote:** Frank Kim, SANS Fellow. An interactive evening covering what's next in Leadership + AI, with live Q&A to follow.

- **Bonus Hands-on labs & immersive simulations.** Build dynamic skills and calm under pressure.

- **Exclusive Engagements SANS Fellows & Leaders.** Spark your industry curiosity and further your knowledge throughout your training week.

- **NetWars Challenges.** Included with in-person course experience— pressure-test your skills before returning to work.

- **Networking Opportunities.** Face-to-face engagements with fellow attendeess for establishing grounded connections.
