Hands-On Cybersecurity Courses Taught by Industry Experts

Attend In-Person in Bethesda or Live Online (ET)

Unlock the full potential of your cybersecurity career at **SANS DC Metro September 2026**. Guided by world-renowned instructors at the forefront of the field, this event provides exclusive access to live industry experts, ensuring you stay ahead of the curve.

Immerse yourself in a learning environment that features industry-leading hands-on labs, simulations, and exercises, all geared towards practical application in your professional endeavors. Seize the opportunity to hone your skills during bonus sessions and activities, backed by SANS's unwavering commitment to excellence and expertise.

SANS DC Metro September 2026 Features

- **Practical cybersecurity training:** Delivered by real-world practitioners providing actionable insights
- **Real-time support:** Receive immediate assistance from certified teacher assistants throughout your course.
- **Immersive labs in a virtual environment:** Hands-on practice to sharpen your skills in a secure setting
- **Thought leadership talks and workshops:** All centered around training topics
- **Comprehensive courseware:** Course materials provided in electronic and printed formats
- **GIAC certification:** Most courses align with the highest standard in cybersecurity certification
- **CPE credits:** Earn continuing professional education (CPE) credits towards a certification
- **Extended learning access:** Enjoy four months of access to recorded course lectures post-event
- **Central hotel location:** Courses will be held at The Bethesdan Hotel

Ways to Train

In-Person

In-Person training offers students the chance to study in a focused environment without distraction but perhaps most importantly, they offer a direct access to SANS's world-leading instructors.

Live Online

SANS Live Online training offers live, interactive streaming sessions delivered directly from your instructor. It features many of the activities that SANS students love at training events, such as bonus topical presentations, cyber range challenges, networking via chat channels, and live access to top SANS instructors. Live Online is a flexible and fun way to learn.
