

SANS 2024

Lethal Forensicator Coin Holders

Holders of the Lethal Forensicator Coins are properly trained incident responders or investigators who sometimes represent the only defense an organization has in place during a compromise or a complex digital investigation. These analysts know what they are up against and continually strive to further not only their own knowledge, but also the knowledge of the entire digital forensics field.

December 2024

Mohamed Alahammadi	Jeremias Andris	Andreas Barttels	Marvin Blumenröder
