Consultation on the Morningstar Sweden Sustainability Select 70 Index

Morningstar Indexes is considering methodology changes to the Morningstar Sweden Sustainability Select 70 Index. These changes include adjusting the ESG exclusion criteria, changing the method for security selection, and capping.

Impacted Indexes:

PortfolioID	Index Name
2473960	Morningstar Sweden Sustainability Select 70 Index

Adjustment of ESG Exclusions Criteria:

The current methodology uses a range of ESG exclusions. The following adjustments to the exclusion criteria are proposed:

Adjustment Type	Category	ESG Exclusions Criteria
Removal	Activity Exclusions	- Thermal Coal Supporting Products and Services - Adult Entertainment Distribution - Gambling Supporting Products and Services - Military Contracting (Weapons, Weapons Products & Services and Non-Weapons Products & Services) - Oil and Gas Generation and Supporting Products & Services) - Thermal Coal (Power Generation) - Small Arms (Civilian Assault, Civilian Non-Assault, Customers, Key Components, Retail Distribution Assault and Retail Distribution Non-Assault)
Removal	Baseline Exclusions	- Controversial Weapons Tailor Made & Essential – Category Level of Involvement - Controversial Weapons Non-Tailor Made or Nonessential – Category Level of Involvement
Addition	Controversial Weapons Individual Involvement Categories	- Anti-Personnel Mines – Category of Involvement - Biological and Chemical Weapons – Category of Involvement - Cluster Weapons – Category of Involvement

Other Changes:

Change	Current	Proposed
Eligibility	Average Daily Trading Volume filter of at least \$150,000 applied	No Average Daily Trading Volume filter
Selection	Top 75% of companies or 70 whichever is lower, based on the Sustainalytics ESG Risk Score while enforcing sector constraints	All eligible securities after screens are included in the index
Capping	Security weight capping at 2% or 20 times its respective float market cap weight after exclusions	2% company-level capping

Further details on the portfolio impact compared to the Live Index June 2025 reconstitution can be provided upon request.

PortfolioID	Index Name	Active Share	Additions	Deletions
2473960	Morningstar Sweden Sustainability Select 70 Index	0.46	77	0

If adopted, these changes would take effect at the upcoming reconstitution effective December 22, 2025. There would be no change to the performance history or historical composition of the portfolios.

We are soliciting feedback on this proposal.
