AMWAY PROMISE™

AMWAY**PROMISE** is our global consumer protections communications platform. Our goal is to deliver the most comprehensive customer service and consumer protections offering in the direct selling industry.

The direct selling industry is self regulated by a Code of Ethics established by the World Federation of Direct Selling Associations (WFDSA) that states that direct selling companies and independent sellers shall not use misleading, deceptive or unfair sales practices.

Most countries also have individual Direct Selling Association codes of ethics that localise the WFDSA Code under applicable laws and regulations. Amway adheres to these codes through its consumer protections, which AMWAY**PROMISE** brings together under the following pillars:

Low-cost, Low-risk Opportunity

Promises zero purchase requirements and minimal sign-up fees for new business owners.

We believe that everyone deserves the opportunity to get ahead. That's why we promise to always provide a low-cost, low-risk opportunity.

100% Satisfaction Guarantee

Helps ensure satisfaction with our products or opportunity.

If you're not getting what you expected from your Amway opportunity or an Amway product – let us know, and we'll work tirelessly to make sure you're 100% satisfied.

Warranty Programs

Peace of mind with Amway products.

We're confident in the quality of the durable products that we offer. If your product has an issue we provide a variety of innovative service, repair and warranty programs that allow you to easily address any concerns that you may have.

Customer Services

Support you can count on.

We know you'll have questions along the way and we have the answers. For ABOs and consumers, Amway is committed to providing top-notch service, whether face-to-face, on the phone, or online.

The Right to Know

Knowledge is power.

We promise to clearly communicate and make easily accessible all information related to the above consumer protections, as well as to our Inventory Buy-Back policy and Cooling Off Period.

 **NUTRILITE™**

BEST OF NATURE BEST OF SCIENCE

Nutrilite is a vitamin, mineral and dietary supplement brand that provides a complete array of supplements for a range of health needs. Nutrilite sources natural, organic plant concentrates, many grown on our own certified organic farms, and highly purified vitamins and minerals from around the world to meet our exacting quality standards.

All ingredients used in Nutrilite products are extensively researched, tested and formulated to provide a product that meets your nutritional needs on your way to optimal health.

NUTRILITE™ STORY

Carl F. Rehnberg, the founder of Nutrilite, was one of those rare individuals who combined curiosity and imagination, with innovation as the result.

Based on his observation on the effects an inadequate diet had on people around him while he was in China, Carl started experimenting by extracting and concentrating nutrients from different plant sources. In 1934, he originated the concept of including whole plant concentrates in his formula for the first multivitamin and multimineral product sold in North America.

Today, he is recognised as a pioneer in the field of human nutrition for his theories, which were many years ahead of his time.

NUTRILITE™ CERTIFIED ORGANIC FARMS

Nutrilite is the only global vitamin and dietary supplement brand to grow, harvest, and process plants on our own certified organic farms*.

Hundreds of fruits and vegetables are grown the way nature intended on our 6,400 acres of farmland spread out across the world – more than any supplement company in the world – using only sustainable, non-synthetic, and pesticide-free methods.

When the time is right, fruits and vegetables are harvested while at the peak of potency, then dehydrated and processed immediately in order to capture the valuable nutrients in them.

THE FIRST

In 1934, Carl F. Rehnberg originated the concept of including whole plant concentrates in his formula for the first multivitamin and multimineral product sold in North America.

DID YOU KNOW?

NutriCert™ Farm

Almost all of the plant concentrates used in Nutrilite products are grown on our Nutrilite farms.

Those that have not been grown on our organic farms must meet strict quality standards as established by Nutrilite agricultural scientists under the NutriCert programme, such as the Nutrilite philosophy of sustainable farming and socially responsible business practices. This ensures that only the best ingredients go into every Nutrilite product.

THE ONLY

Nutrilite is the only global vitamin and dietary supplement brand to grow, harvest, and process plants on our own certified organic farms*.

THE BEST

Nutrilite is the world's No. 1 selling vitamins and dietary supplements brand*.

TROUT LAKE FARM
Washington State, USA

The Trout Lake Farm in Washington State, USA is the largest certified organic herb farm in North America. More than 70 botanicals and 3 million pounds of Nutrilite™ herbs are grown on these 700 acres (283 hectares) each year.

RANCHO EL PETACAL
Jalisco, Mexico

Spanning 1,400 acres (566 hectares), Rancho El Petacal harvests nutrient-rich citrus plants such as lemons, red grapefruit, and mandarin oranges, as well as watercress, parsley, alfalfa, spinach, kale and basil.

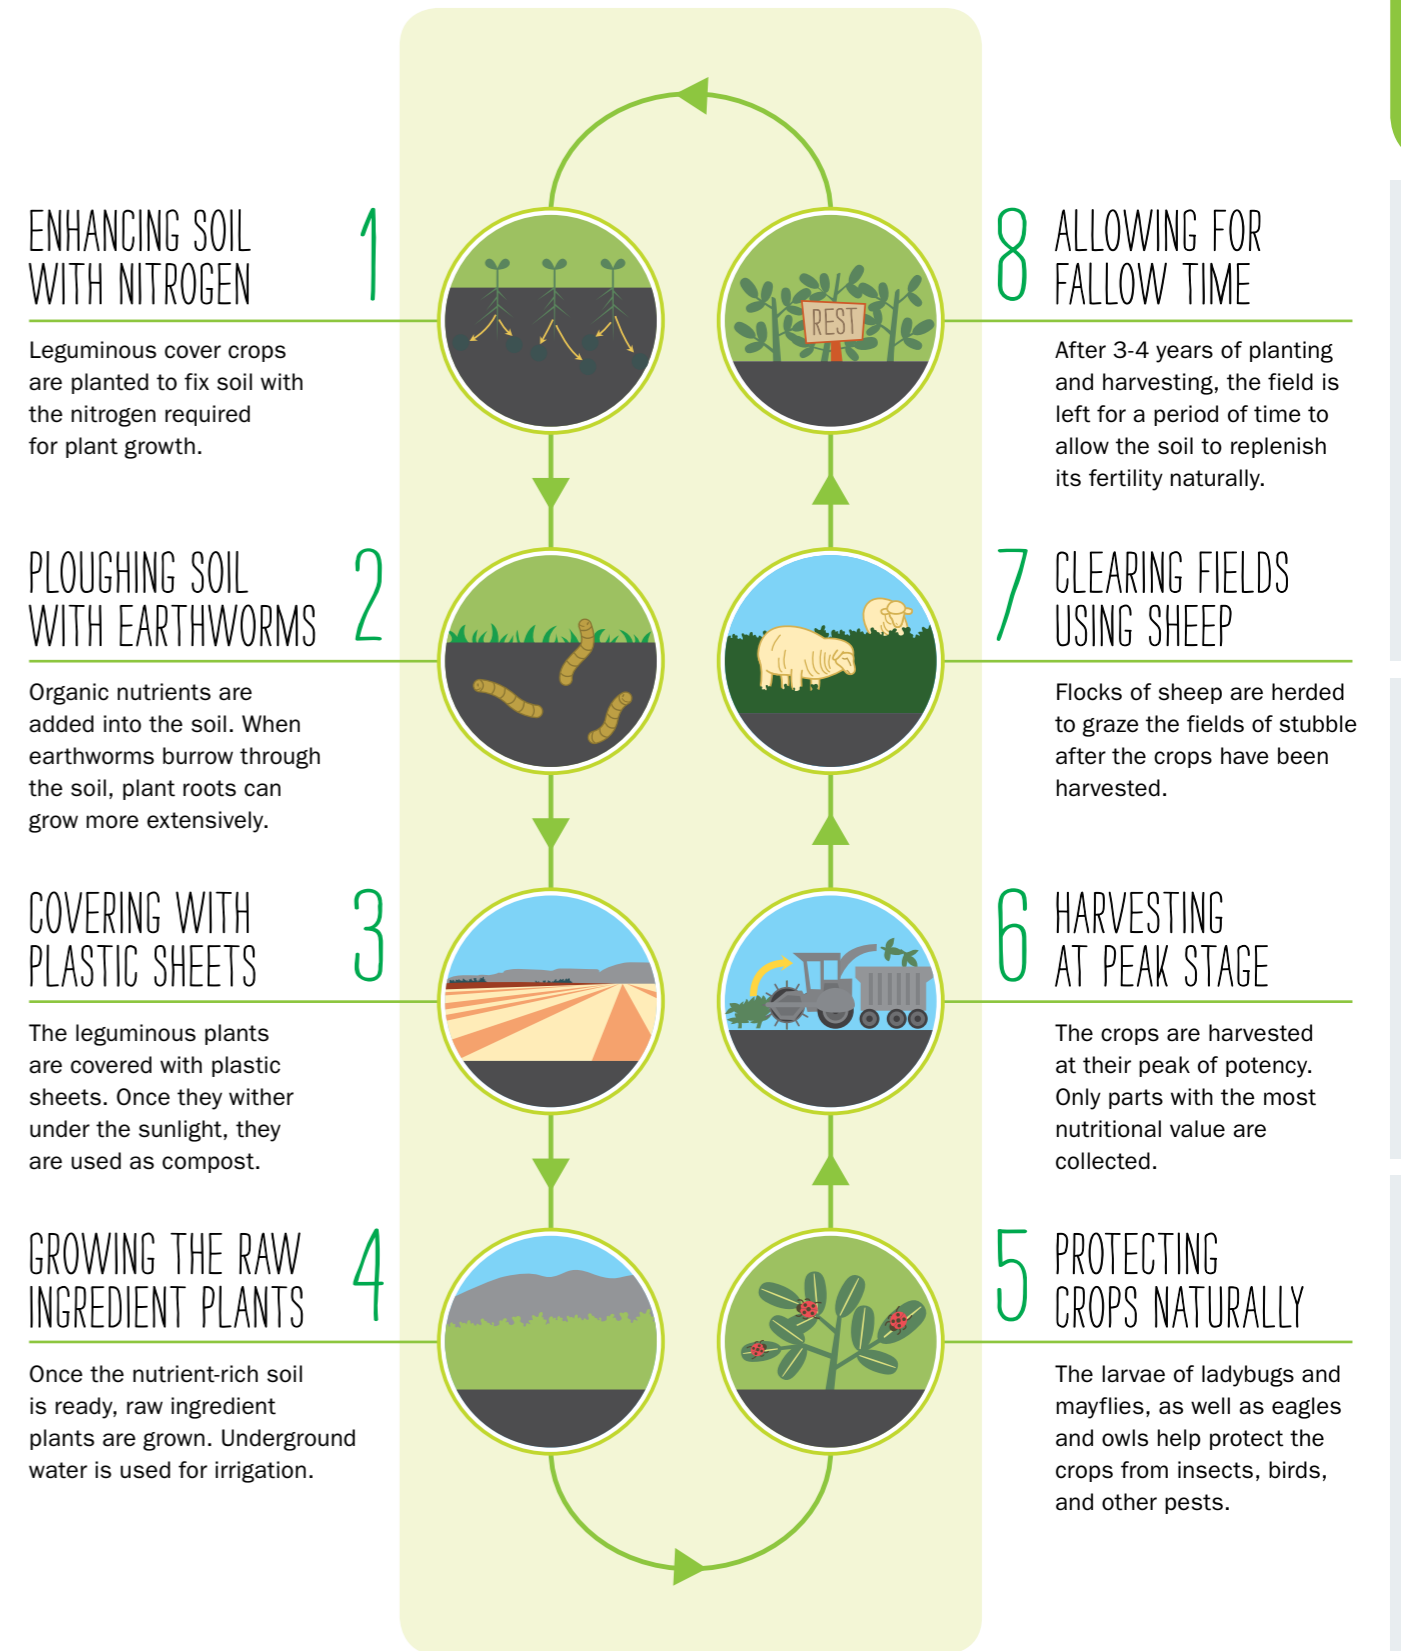

FAZENDA NUTRIORGANICA
Ubajara, Brazil

The Fazenda Nutriorganica is the largest Nutrilite farm, with 4,100 acres (1,660 hectares) of farmland where passion fruit, pineapple, guava, and tropical herbs are grown, as well as 100% of the acerola cherries that go into Nutrilite products.

SUSTAINABLE FARMING PRACTICES

All Nutrilite farms adhere to strict guidelines that emphasise responsible management of natural resources and respect for the processes of nature. At Nutrilite, “grown the way nature intended” is more than just a catchphrase – it is a way of farming, and a way of life.

NUTRILITE'S TRACEABILITY PROCESS

Are you certain the ingredients in the supplements you consume will effectively safeguard your health? At Nutrilite, we trace every ingredient in our supplements to ensure they are Pure, Safe and Effective. Go behind the label and follow our outrageously detailed 9-step Traceability process that brings you the purest, safest and most effective Nutrilite supplements.

1 CHOOSE THE BOTANICAL

1,300 plant nutrient-fingerprinted botanicals in our functional target library lead us to the best ingredients and ingredient combinations.

2 SEED SELECTION

MILLIONS of seeds planted each year, and not just any will do! We test our seeds for things like organic nature, purity and germination rate.

3 CHOOSE THE FARMS

Our nearly **6,000** acres of organic farmland is only the start. If we can't grow it ourselves, we find the best partner farms.

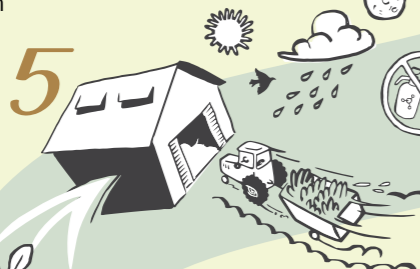

4 GROW

Every botanical has a **BIRTH CERTIFICATE**, and each is grown **99%** weed-free, with no chemical pesticides.

5 HARVEST

We move plants within as little as **20** minutes from field to on-site dryers to ensure the highest nutrient levels.

6 EXTRACTION

Skin, seeds, roots, leaves...we concentrate or dry the parts of the plant that give us the highest level of nutrients.

7 MANUFACTURING

We conduct **500,000** quality checks on our ingredients each year.

8 YOU

Our traceability process begins and ends with you.

9 PACKAGING

Shake, squeeze, twist, x-ray. We test our packages more than **30,000** times each year.

DID YOU KNOW?

At the Nutrilite Health Institute, scientists from around the world use the latest methods and technology to improve ways of extracting the maximum goodness from our crops and evaluate new ingredients for our products.

Information above is reflective of Nutrilite™ owned farms.

CENTER FOR OPTIMAL HEALTH

The Center for Optimal Health in California, USA, began its operations on 3 May 2006 as part of the Nutrilite Health Institute. It is a space dedicated to helping people achieve optimal health through education, balanced nutrition, exercise, and supplementation.

The scientists and researchers at the Center for Optimal Health regularly partner leading universities, laboratories, and research facilities around the world to break new ground in the study of global nutrition, health, phytonutrients, and plant concentrates. These efforts serve to help us maintain our role as a world leader in global plant-based nutrition science.

NUTRILITE PRODUCTS ARE HALAL

All Nutrilite products (including softgel products) are certified halal by the Islamic Food and Nutrition Council of America (IFANCA). IFANCA is recognised by *Jabatan Kemajuan Islam Malaysia (JAKIM, Pusat Islam)* and *Majlis Ugama Islam Singapura (MUIS)* as an Islamic body that issues halal certification for meat and products for export into Malaysia and Singapore. This halal certification issued by IFANCA is also recognised in other Muslim countries.

THE POWER OF PHYTONUTRIENTS

Do you eat enough fruits and vegetables to support your health?

New research shows that you most likely do not. The Global Phytonutrient Report released by the Nutrilite Health Institute reveals significant global gaps in fruit and vegetable consumption, which impact phytonutrient intake levels and ultimately optimal health.

Fruits and vegetables are the foundations of a healthy diet. There are many different coloured fruits and vegetables, all of which contain different phytonutrients. Each phytonutrient has a specific health benefit.

DID YOU KNOW?

Phyto = “plant” in Greek

Also known as phytochemicals, phytonutrients are natural compounds that are concentrated in the skins of fruits and vegetables of all colours.

Unlike vitamins and minerals, phytonutrients are not essential for keeping us alive. However, consuming an adequate amount of phytonutrients through food or supplements will help keep our bodies functioning at an optimum level.

PLANT NUTRIENTS IN NUTRILITE SUPPLEMENTS

ACEROLA CHERRY
One of nature's richest sources of vitamin C, it is a great source of antioxidants.

ASPARAGUS
Provides free radical protection and protective enzyme, and promotes normal cell growth.

CITRUS
Plants in this group include lemon, grapefruit and mandarin orange. These are rich in flavonoids, and boost the immune system while keeping the skin hydrated.

KALE
Provides free radical protection and protective enzyme, and promotes normal cell growth.

POMEGRANATE
Contains polyphenols which promote heart, cell and prostate health.

SAGE
Contains helpful protective enzymes that impact our immune system.

ALFALFA

WHY PROTEIN?

Protein is the building block for cells. It plays a key role in repairing body tissues hence contributing to healthy skin, nails and hair. It also helps the body produce enzymes and hormones, and stabilises emotions. Protein makes you feel fuller for longer and keeps you feeling energised. Get the right protein. Just add Nutrilite™ Protein Powder into your daily meals to enjoy Complete Quality Protein, Naturally!

COMPLETE

WHO NEEDS PROTEIN?

CHILDREN

For **growth** and **development**.

The formative years from birth to childhood set the foundation for a child's mental and physical health. That is why you need a reliable source of protein to ensure your children's health foundation remains strong throughout their growth and development years.

With the right source of protein, your children obtain essential nourishment to develop a **strong immune system and muscles** as the nutrients **build and repair tissues**, as well as regulate bodily functions.

HEALTHY AGEING

For **vitality, energy** and **enhanced general well-being**.

We all want to enjoy healthy ageing. To do so, you need to consume the right amount of protein. Your protein intake affects your vitality and focus as this nutrient is converted into your day's source of energy. Protein also **enhances your immune system, replaces damaged cells** and **improves muscle strength**, ensuring you to go through your day, doing your favourite things, full of energy and vitality.

BEAUTY

For **healthy-looking skin**.

Age and gender are no barriers to wanting to look good. The key to soft, supple and radiant skin lies in collagen, made from fibrous protein. In fact, collagen comprises 30 percent of total body protein! It holds various organ and tissue cells together, improving skin elasticity and strengthening the skin. Protein is also necessary for **new tissue development** and **tissue repair** and **regeneration** to ensure healthy maintenance of blood vessels, bones and teeth.

HOW MUCH PROTEIN DO WE NEED?

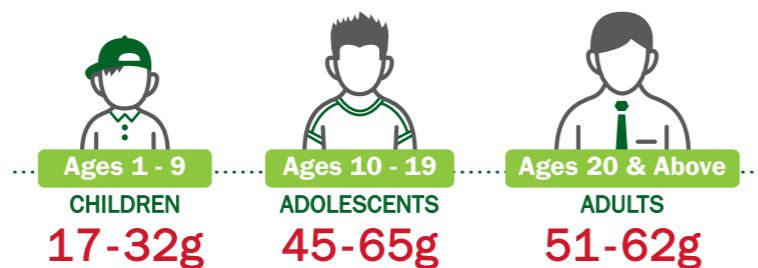

Each person's protein needs depend on several factors:

- **Age**
- **Size**
- **Level of activity**

As a general guideline, the Recommended Dietary Allowance (RDA) for protein in the United States is **0.8g/kg** of body weight of adults.

ESSENTIALS

NATURAL B COMPLEX

MAL19913315X

511200 250 tablets

MY (RM) 105.90 BR (B\$) 44.00

- Naturally derived from cultured, deactivated yeast.
- One tablet provides 7 B vitamins – B1, B2, B3, B5, B6, folic acid, and B12; plus inositol and PABA (para-amino-benzoic-acid), that all adult men and women need.
- Water-soluble B complex vitamins assist in the release of energy from fats, carbohydrates and proteins, to meet added energy needs brought on by stressful living.
- Helps promote healthy skin, nails and hair.
- Replenishment of B vitamins is important as alcohol, smoking, caffeine, dieting and the use of birth control pills can deplete the body of B vitamins.

MY (RM) 265.00 BR (B\$) 90.00

It is formulated with a blend of branched chain amino acids (BCAA), chia seed powder, spirulina powder and 30g of protein per serving. Recover from exercise sessions, repair and build muscle when you consume this rich and chocolatey Whey Protein.

Formulated with:

- **Whey Protein** – Every serving (40g) has 30g of protein
- An amount carefully formulated to serve the specific needs of the active lifestyle to improve muscle protein synthesis and promote the growth of lean muscle mass, your every amino-acid need is served in every fulfilling serving.
- **BCAA** – Branched-Chain Amino Acids are part of the essential amino acids for humans and help muscles recover fast by promoting protein synthesis and turnover. It also strengthens the immune system and promotes compounds in the body that fight off infections and disease.
- **Chia Seed Powder** – An excellent source of protein which is high in omega-3 fatty acids, calcium, phosphorous. It not only gives you energy for today, it repairs and prepares you for tomorrow.
- **Spirulina Powder** – A rich source of antioxidants, which can protect against oxidative damage. Due to this, athletes often take spirulina to recover from exercise-induced oxidative stress that contributes to muscle fatigue. It's classified as a superfood as it contains carbohydrates and a low amount of fat. It's also rich in dietary minerals like iron and manganese. Iron helps transport oxygen in the blood to tissues while manganese prevents muscular strains and sprains, as well as the possibility of certain inflammatory conditions.

BALANCING SOLUTION

SOLUTION FOR

BALANCING

Controls excess oil for fresh, matte, healthy-looking skin without shine or blemishes

Signs of unbalance — such as **irritation, blemishes, enlarged pores, and flaky patches** — are among the top signs of an unhealthy look, particularly in younger skin.

By addressing the 5 key Skin Nutritional Requirements with **lighter-weight formulas** designed for this skin type, the complete **ARTISTRY SKIN NUTRITION Balancing** regimen helps quickly **bring skin back into balance**. Skin feels soothed. The appearance of pores is reduced. The complexion is smoothed with fresh, lightweight hydration.

It's easy to achieve visibly healthy skin that stays in better balance, now and in the future.

HOW TO USE: 3-STEP SET

STEP 1

Start with the **Balancing Jelly Cleanser**, clinically proven to remove pollution and impurities (including PM 2.5) while reducing irritation with its patented blend of Shiso Perilla and Aloe Vera. Using gentle amino acid surfactants and formulated to help keep skin at its healthiest pH level, it is designed to help maintain and protect skin's microbiome and moisture barriers. Its oil-removing formula reduces excess sebum and clarifies pores to help keep blemishes at bay.

STEP 2

Next, use the **Balancing Fresh Shake Toner** with specialised oil-absorbing powders and Witch Hazel to draw out excess sebum and reduce the appearance of pores. Infused with White Chia Seed Gel and prebiotics, it supports the skin's microbiome to stabilise and strengthen it.

STEP 3

AM

During the day, protect your skin with the **Balancing Matte Day Lotion SPF 30**. In addition to the Balancing Matte Gel Lotion's benefits, broad spectrum SPF 30 provides full light protection against sun damage from UVA and UVB rays. Carnosine is clinically proven to help prevent visible damage from blue light and infrared light, while Meadowsweet helps keep oily skin in balance.

PM

In the evening, smooth on the **Balancing Matte Gel Lotion** for 24-hour moisture. Instantly absorbed with a cooling sensation, it reduces the appearance of shine, pores and imperfections. A blend of Nutrilite-grown Acerola Cherry plus Australian Daisy and Blackberry, its Prevent Complex boosts the skin's natural defense system by 350%*, helping to prevent and delay early visible signs of ageing. Nutrilite-grown Pomegranate provides antioxidant protection against pollution, Plant Plankton absorbs excess sebum while maintaining natural hydration, and Zinc PCA helps control oil for a matte, healthy look.

SKIN NUTRITION

HYDRATING SOLUTION

SOLUTION FOR

HYDRATING

Hydrates skin for refreshed radiance and to help slow visible signs of premature ageing

We know that **sufficient hydration** is fundamental to all of skin's activities. When skin lacks moisture, the appearance of other visible **signs of premature ageing, from dullness to fine lines and roughness**, can be accelerated.

The **ARTISTRY SKIN NUTRITION Hydrating** regimen helps slow down dryness-related ageing by infusing skin with **24-hour moisture**. The regimen then addresses the 5 key Skin Nutritional Requirements to **help skin look younger for longer**. Skin feels bouncy and supple, with its elasticity maintained. Skin texture feels soft and smooth, and the complexion is radiant with renewed clarity and a dewy, fresh finish.

It's easy to achieve visibly healthy skin that stays hydrated and younger looking, now and in the future.

HOW TO USE: 3-STEP SET

STEP 1

Start with the **Hydrating Mousse Cleanser**, clinically proven to remove pollution and impurities (including PM 2.5) while reducing irritation with its patented blend of Shiso Perilla and Aloe Vera. Using gentle amino acid surfactants and formulated to help keep skin at its healthiest pH level, it is designed to help maintain and protect skin's microbiome and moisture barriers. Its non-stripping formula helps rid the skin of dry flakes, leaving it soft, supple and comfortable.

STEP 2

Next, use the **Hydrating Smoothing Toner** with White Chia liposome to help seal in natural moisture and Licorice to calm the skin. Infused with White Chia Seed Gel and prebiotics, it supports the skin's microbiome to stabilise and strengthen it.

STEP 3

AM

During the day, protect your skin with the **Hydrating Day Lotion SPF 30**. In addition to the Hydrating Gel Cream's benefits, broad spectrum SPF 30 provides full light protection against sun damage from UVA and UVB rays. Carnosine is clinically proven to help prevent visible damage from blue light and infrared light, while Red Algae helps fight against skin dehydration.

PM

In the evening, smooth on the **Hydrating Gel Cream** for 24-hour moisture. Immediately nourishing and comforting, it leaves the skin supple and radiant with a dewy finish. A blend of Nutrilite-grown Acerola Cherry plus Australian Daisy and Blackberry, its Prevent Complex boosts the skin's natural defense system by 350%*, helping to prevent and delay early visible signs of ageing. Nutrilite-grown Pomegranate provides antioxidant protection against pollution, Blue Agave helps reinforce the skin's natural hydration levels, and Rice Protein helps prevent damage to the skin's support system, protecting against signs of ageing.

BEAUTY SUPREME

ARTISTRY SUPREME LX™

ARTISTRY™

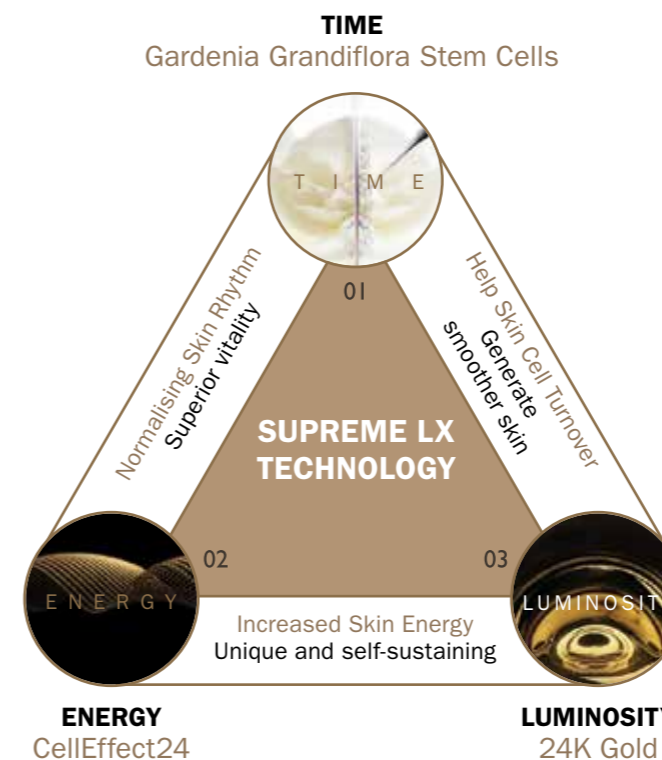

ARTISTRY SUPREME LX COLLECTION AN AMAZING DISCOVERY

ARTISTRY SUPREME LX Collection unlocks the power of new technology with a sophisticated balance of carefully crafted luxury and high-performing formulas, to deliver the ultimate in anti-aging skin care.

SUPREME LX LUXURY TECHNOLOGIES PRESERVING THE NATURE OF SKIN

Fusing ARTISTRY leading edge science and technology, ARTISTRY SUPREME LX skin care is achieved, forever changing the face of beauty.

GARDENIA GRANDIFLORA STEM CELLS

Have regenerative power that help synchronise skin's natural biorhythms.

CELLEFFECT24 COMPLEX

Boosts and multiplies skin's natural ability to energise itself.

24K GOLD

Helps reduce all visible signs of aging to reveal smoother skin.

DISCOVERY OF GARDENIA GRANDIFLORA STEM CELLS

Skin functions best when its natural biorhythms are balanced. By day, skin responds to environmental stress and protects itself. By night, skin repairs damage and replenishes moisture.

Stem Cell extracts obtained from Gardenia Grandiflora were found to help skin get back in sync by helping reset skin's natural clock – its biorhythms. Hence, the functions of repair and protection occur when skin needs them most, optimising their effectiveness in preventing the visible signs of skin aging.

CELLEFFECT24 COMPLEX

CellEffect24 Complex is an exclusive complex containing patented ingredients. It is a powerful blend of 24 Karat Gold plus five other highly efficacious ingredients. This exclusive blend can help your skin perform the way it did when you were younger. A multiphase technology that helps replenish, energise, repair and protect the skin. Addresses both environmental and natural causes of skin aging.

24 KARAT GOLD

ARTISTRY™ scientists used pure, natural liquid 24 Karat Gold in these formulas. Gold has a stability that is historically known to last many hundreds of years. The use of gold as a cosmetic ingredient is theorised to promote electron transfer between gold and the metal ions naturally found in the skin to help skin cell turnover. It provides soft focus, light diffusion and helps improve the appearance of wrinkles.

UNPRECEDENTED RESULTS

With the next generation ARTISTRY SUPREME LX™ formulas, skin is empowered to act up to an astonishing 15 years younger, resulting in a profound transformation where multiple signs of visible aging are dramatically reduced. In just 3 days, skin looks younger and feels firmer, while visible wrinkles fade away. The eye area looks younger, firmer and brighter.

ADVANCED SKIN REFINISHER

ARTISTRY™

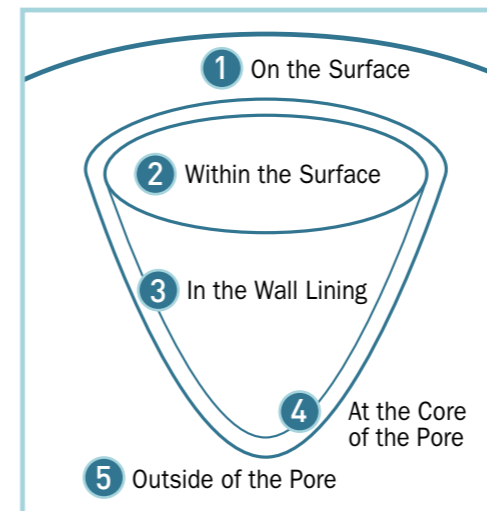

ARTISTRY INTENSIVE SKINCARE
ADVANCED SKIN REFINISHER
VELVETY SMOOTH. INSTANTLY REFINED

ARTISTRY Intensive Skincare Advanced Skin Refinisher gently returns skin to its optimal state, instantly and over time. Leaves skin velvety smooth, instantly refined.

THE POWER OF THE REFINISHING COMPLEX TECHNOLOGY

Powering the incredible results is the *Refinishing Complex*, a concentrated blend of optical diffusers and natural, yet highly effective ingredients designed to work on the 5 factors that affect skin texture and the appearance of visible pores.

- 1 **Optical Diffusers** mattify and smooth the skin's surface for a soft-focus appearance.
- 2 Patented **Oat extract** and **NMF Sugars** exfoliate the skin's surface area to unclog pores and smooth away roughness.
- 3 Antioxidant-rich **Lentil Seed extract** counters the hollowing effect in the wall lining of the pore for a reduced appearance of pores.
- 4 **Java Tea extract** suppresses excess sebum production, down to the core of the pore.
- 5 **Star Fruit extract** reinforces the outside area of the pore's structure to help reduce slackening, visibly tightening pores for an even texture.

RESULTS YOU CAN SEE

Instantly, the skin is refined and smoothed for a virtually perfect look. Skin appears visibly poreless. Pore size appears **62%** smaller.

Skin achieves the look and feel of pure velvet—no flaking, no roughness:

98% of women felt their skin was softer and smoother over time.

92% of women felt their skin texture was improved over time.

Use Advanced Skin Refinisher with the ARTISTRY Intensive Skincare Renewing Peel for **21%** improved, faster exfoliation.

INTENSIVE SKINCARE ANTI-WRINKLE FIRMING SERUM

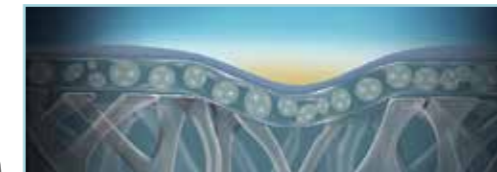

ARTISTRY™

ARTISTRY INTENSIVE SKINCARE ANTI-WRINKLE FIRMING SERUM TARGET AGING OVERNIGHT

SMART RETINOL COMPLEX

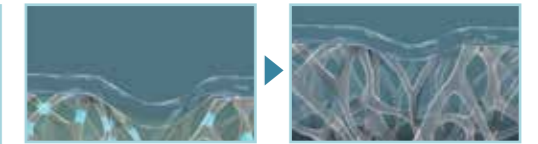

Excellent effect of Retinol – penetration

The ARTISTRY Targeting Complex – which obtained a patent – will help penetration of the Retinol to achieve excellent anti-aging impact.

Strengthens elasticity of the skin

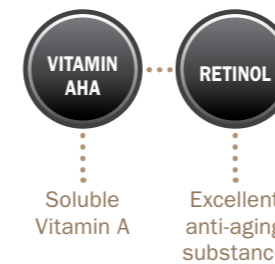

Penetration of Retinol After usage of Retinol
The exclusive patent technology not only improves wrinkles in selective areas, but also improves firmness of the skin to increase elasticity.

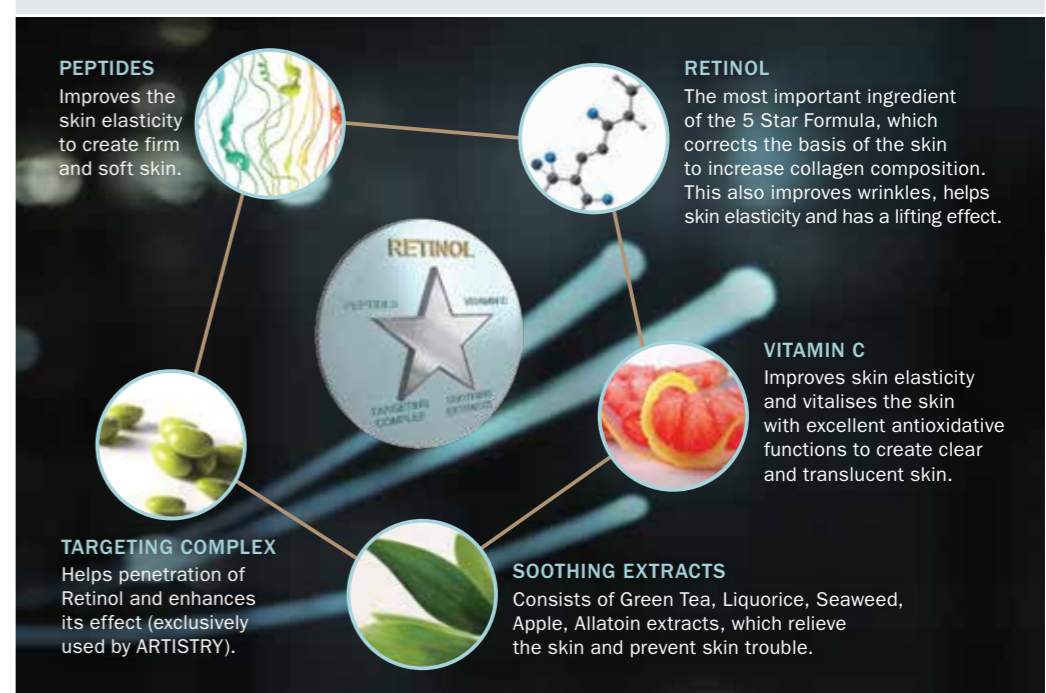

Retinol, the hope for modern anti-aging

It refers to 'pure Vitamin A', and helps to accelerate the creation of collagen to improve healthy aging of the skin.

It is converted into retinoic acid in the body which suppresses the enzyme which breaks down collagen, and creates new collagen to firm up the skin from within.

5 STAR FORMULA – THE TECHNOLOGY BEHIND THE PRODUCT

INTENSIVE SKINCARE ANTI-WRINKLE FIRMING SERUM

109709

30 ml

MY (RM) 410.80

BR (B\$) 157.50

- Three of the most potent collagen-boosting ingredients in one high-performing, yet gentle night-time serum.
- Formulated with next generation Retinol with patented Targeting Complex technology, Peptides and Vitamin C, this skin correcting treatment helps improve elasticity and firmness as it diminishes the appearance of fine lines and wrinkles.

- The Targeting Complex helps to focus the Retinol precisely where it is needed to renew the skin and reduces potential irritation associated with Retinol use.
- This serum also contains botanical extracts to comfort and soothe the skin, and Green Tea – an antioxidant – to help combat the skin-aging effects of sun, stress, and pollutants.

INTENSIVE SKINCARE RENEWING PEEL

The ARTISTRY Intensive Skincare Renewing Peel offers retexturising benefits comparable to a professional chemical peel, but much gentler and performed in the convenience of your own home.

TECHNOLOGY

The need for removing dead skin cells

As one ages, the turnover cycle of the skin slows down, and the newly generated young skin is not able to come up to the surface. If the unnecessary dead skin cells are not removed, the skin becomes rough and loses its shine. This is why regular care of such dead skin cells is important. However, excessive removal of dead skin cells can actually make your skin very sensitive and evaporate moisture, making your skin very dry.

Biological effect of removing dead skin cells

ARTISTRY Intensive Skincare considered this to be very important. Thus, the biological removal of dead skin cells contains smart enzymes that react differently according to changes in the pH level, smoothly removing the unnecessary dead skin cells on the skin surface, and improving the normalisation of the skin turnover cycle to reveal bright and smooth skin.

PRODUCT

Smart natural enzymes

Depending on the pH level, the natural Mushroom Enzyme reacts differently to remove the dead skin cells.

Biological removal of the dead skin cells which is not stressful on the skin

Helps to normalise the skin turnover cycle to the optimal 28 days.

INGREDIENT

Natural enzyme compatible to the skin extracted from mushroom roots

If used as instructed, the smart Mushroom Enzyme reduces irritation caused by removal of dead skin cells by reacting to only dead skin cells below pH 5.5.

More than 1,000 ingredient tests and patent-obtained 100 step process

The natural Mushroom Enzyme was selected after more than 1,000 ingredient tests and is obtained through a patent-obtained 100 step process. The mushrooms are grown in a very high standard environment, and the enzyme is extracted, and fermented from these mushrooms to be produced.

- This natural and non-abrasive exfoliant promotes healthier, fresher, and softer skin through a 3-step formula:
- 1 **Removes Dead Skin Cells** – a unique patented Mushroom Enzyme dissolves the glue holding dead skin cells together to mimic the skin's own natural exfoliating process.

- 2 **Strengthens the Protective Layer** – using a blend of Chia Seed oil sourced from Nutrilite farms, and a Barrier Liposome of soothing ingredients, the skin's natural moisture is enhanced, reducing dryness and skin irritation.
- 3 **Improves Skin Texture** – moisture is drawn into the skin with a blend of humectants and emollients.

HOW TO USE

1. Cleanse face with a cleanser.
2. Smooth a moist layer of eight full pumps of Renewing Peel over the face, avoiding the eye area.
3. Leave on for six to eight minutes. Skin may tingle and product may not dry completely.
4. Wet fingertips and lightly massage skin.
5. Rinse thoroughly with warm water then pat skin dry.
6. Use product no more than twice a week for six weeks.

INTENSIVE SKINCARE BOOSTING INFUSION

ARTISTRY™

ARTISTRY INTENSIVE SKINCARE BOOSTING INFUSION

SHIELD YOUR SKIN FROM HARMFUL POLLUTANTS

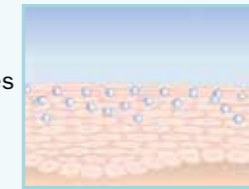

Featuring new technology and exclusive ingredients, this pre-concentrate treatment is formulated to revitalise skin by neutralising and removing pollutants, and enhancing the benefits of a well-rounded daily skin care routine.

TWO KEY SCIENTIFIC BREAKTHROUGHS

This revolutionary pre-concentrate helps rid the skin's surface layers of external pollutants and boosts the benefits of your favourite skin care products.

Smart Oxygenating Detox Complex targets atmospheric micro-fine particulate pollutants, known to block the flow of oxygen into the skin's surface and helps protect skin from external pollutants.

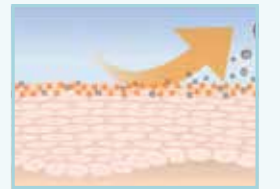

1 Yeast Ferment
boosts skin's ability to retain and effectively utilises oxygen, allowing skin to breathe.

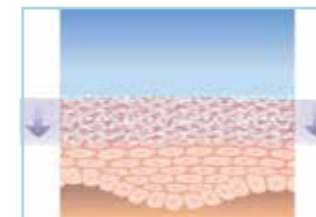

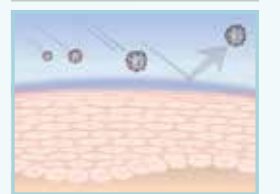

2 Acerola Cherry Ferment
boosts skin's own natural renewal cycle to help rid surface layers of pollutants.

3 Bifida Ferment
boosts protection from environmental stressors, allowing skin to better absorb treatment ingredients.

4 Exclusive Aura Protection
helps provide antioxidant and anti-pollution protection to skin barrier.

Liquid Crystal Technology mimics the skin's natural structure, with nutrients systematically arranged in up to 20 layers. You can think of the Liquid Crystals as creating a network that helps guide key ingredients from subsequent product application deeper and faster into skin's surface layers, rather than remaining on top. This helps enhance delivery by more than 4 times*, empowering subsequent skincare formulas to maximise their potential benefits.

- Air pollution is the world's largest single environmental health risk, which affects our skin's wellbeing and appearance. Pollutants prevent vital oxygen from entering the skin's surface layers, negatively impacting the skin's natural repair mechanisms and causing congestion.
- With its Smart Oxygenating Detox Complex and Liquid Crystal Technology, the INTENSIVE SKINCARE Boosting Infusion combats the pollutants' effects by neutralising pollutants,

letting oxygen flow more freely and boosting the delivery of your chosen skin care product into the skin surface by 4 times*.

INTENSIVE SKINCARE
ADVANCED VITAMIN C + HA TREATMENT

ARTISTRY™

ARTISTRY INTENSIVE SKINCARE
ADVANCED VITAMIN C + HA TREATMENT
PURE POWER. FULL VOLUME SUPPORT. EXPRESSION LINE LESS.

ARTISTRY INTENSIVE SKINCARE Advanced Vitamin C + HA Treatment is your advanced support system for fresh, smoother and younger looking skin.

KEY TECHNOLOGIES

The Advanced Vitamin C + HA Treatment addresses the 3 key factors of expression lines – Movement, Plumpness and Antioxidants – with 2 powerful technologies:

Vita-C Complex

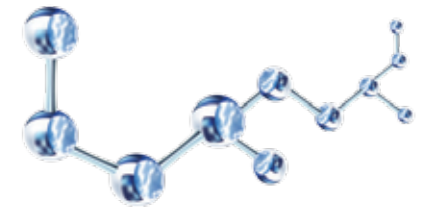

The Advanced Vitamin C + HA Treatment is powered by our Vita-C Complex, a combination of Pure Vitamin C Powder + Acerola Cherry Extract. It delivers the highest ever concentration of Vitamin C in an ARTISTRY skin care formula as the Nutrilite-approved Acerola Cherry Extract, a Vitamin C powerhouse, comes from the largest Acerola Cherry farm in the world. The cherries are ideally harvested at a specific immature, green stage when Vitamin C concentration is at its peak – so concentrated that a single, tiny green Acerola Cherry contains more Vitamin C than a medium sized orange.

Vitamin C is one of the best antioxidants ever discovered. Free radicals are harmful molecules that can cause visible signs of ageing. This is where antioxidants come in. Antioxidants are essential youth preservers that help neutralise free radicals' ageing effects on and within skin's surface.

Bi-Action Hyaluronic Acid Blend

Containing the highest-ever concentration of Hyaluronic Acid (HA) in an ARTISTRY formula, the Bi-Action Hyaluronic Acid Blend works on multiple levels to address the natural loss of HA that can emphasise the look of expression lines.

Different sizes of HA polymers were used to target different levels of skin's surface, with complementary effects:

- **Immediate Plumping in the Upper Levels:**
In the upper levels of skin's surface, larger "high molecular weight" HA filaments provide an immediate plumping effect. Because of their size, they cannot penetrate deeply, so they remain in the upper levels where the added volume is most important.
- **Moisture and Flexibility in the Lower Levels:**
Tiny "low molecular weight" HA strands are able to penetrate deep within skin's surface. There, they boost and balance skin's internal moisture levels, keeping skin better hydrated and more flexible over time.

ARTISTRY HYDRA-V COLLECTION

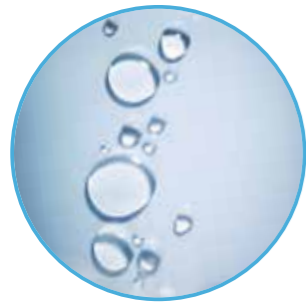

DISCOVER A NEW LEVEL OF DEEP HYDRATION

ARTISTRY HYDRA-V hydrators were invented to suit any skin type with different formulas and a variety of sensorial textures – from a light cooling gel to a luscious cream. Whatever level of hydration the skin needs, the ARTISTRY HYDRA-V Collection has the solution.

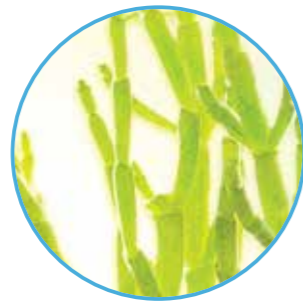

REFRESH, REPLENISH AND REVITALISE WITH HYDRA-V

Exclusive formulas are designed to refresh, replenish and revitalise skin by supporting and improving skin's natural hydration process. The collection contains:

Norwegian Fjord Water encapsulated in our exclusive Artistry Hydra-V Liposome, helps deliver an immediate refreshing feeling.

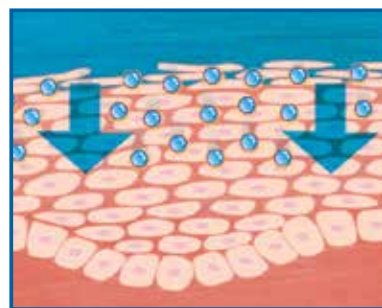

European Coastal Plant Extract Helps replenish skin by improving water storage. Aquaporin production to help in the movement and storage of water in the epidermis.

Hawaiian Acai and our moisturising liposome maintain skin's moisture barrier to help revitalise skin for a boost of hydration.

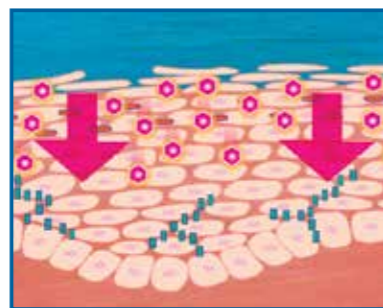

THE HYDRATION DELIVERY SYSTEM

REFRESH

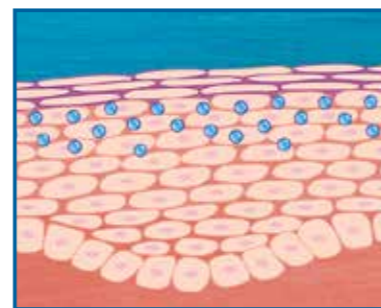

Refresh with Norwegian Fjord Water – The exclusive Liposomes deliver the water into the skin to infuse it with immediate hydration.

REPLENISH

Replenish with European Coastal Plant Extract – penetrates skin surface and retains moisture in the deeper layer of the skin.

REVITALISE

Revitalise with Hawaiian Acai – Encourages the strongest moisture barrier to help lock hydration in skin.

Note: This range will be No Longer Available (NLA) after February 2021.

WITH THE ARTISTRY MEN UNKNOWN™

ARTISTRY MEN UNKNOWN

120549

50 ml

MY (RM) 306.90

BR (B\$) 105.00

- The ARTISTRY Men UNKNOWN brand was developed in collaboration with the prestigious fragrance house of IFF (International Flavors and Fragrances) and innovative sourcing laboratories in Southern France. A global leader in scent creation, its perfumers have designed the world's most memorable, well-loved scents for more than 125 years.
- Every aspect of the ARTISTRY Men UNKNOWN brand is designed for men including the bottle, which is inspired by masculine forms with a square shape, round corners and substantial weight that feels comfortable in a man's hand.
- Like how each stamp in a passport tells a story of adventure, each note of the ARTISTRY Men UNKNOWN fragrance was intentionally selected to tell a fragrance story and capture the inspiration for "travelling your own road".
- The ARTISTRY Men UNKNOWN fragrance is an Eau de Parfum. It contains a higher concentration of aromatic ingredients than a Parfum. This higher concentration ensures that the fragrance not only gives a masculine impression, but also a lasting one. It is suitable for any occasion.

TOP NOTE: BERGAMOT

Famously grown in southern Italy, this crisp, zesty, uplifting note is derived from a citrus fruit.

MIDDLE NOTE: CLARY SAGE

Green, soft and slightly sweet, this northern Mediterranean herb has a calming effect.

BASE NOTE: PATCHOULI

A member of the mint family from Indonesia, the rich, woody scent grounds the fragrance with masculinity.

TWIST & CLICK INSTRUCTIONS:

STEP 1
 To open the lipstick tube, hold the lower portion of the cap and twist the top portion of the cap clockwise. The lipstick tube will emerge.

STEP 2
 Apply the lipstick: Begin with top lip. Start at the centre of the lip. Apply lip colour from centre to corner. Simply follow the natural shape of your lip. Repeat on bottom lip.

STEP 3
 When finished, place the cap over the tube. Click. And the lipstick is securely locked in place.

ENERJUVE™ COMPLEX

THE SCIENCE BEHIND SENSATIONAL HAIR

WHAT IS ENERJUVE COMPLEX?

ENERJUVE Complex is a positively charged blend of nourishing Lipids, Creatine and 18-MEA that penetrates the damaged hair fibre from the inner cortex to the outer cuticle, counteracting the negative charge to transform hair back to its natural healthy-looking state.

ACTION 1: REBUILD

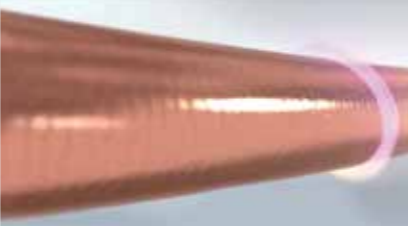

ENERJUVE surrounds the hair and selectively binds to damaged areas to rebuild weak spots. Hair looks and feels instantly stronger.

ACTION 2: REVITALISE

It penetrates through hair's core to repair and revitalise from the inside out. Strength and elasticity are improved.

ACTION 3: RESTORE

It binds to hair's outer layer to protect, restore and smooth the surface. Hair becomes shiny and healthy.

TEST RESULTS

When the **GLOSSY REPAIR SYSTEM¹** is used, strength of the hair is increased by 9 times.

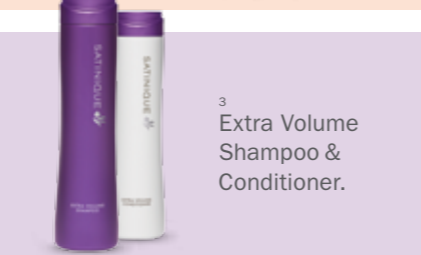

TEST RESULTS

When the **SMOOTH MOISTURE SYSTEM²** is used, softness of the hair is increased by 6 times.

TEST RESULTS

When the **EXTRA VOLUME SYSTEM³** is used, hair is kept voluminous for a long time.

BR (B\$) 1900.00

True Mineralise Water from eSpring!

eSpring not only provides water that looks better and tastes better, but also delivers on its promise to provide clean water for people who want to get the most out of life.

The eSpring effectively removes more than 140 potential health effect contaminants such as pharmaceuticals, pesticides, herbicides, heavy metals, etc.

It also destroys more than 99.99% of waterborne bacteria and viruses, and most important of all, it retains beneficial minerals that the body needs.

Warranty: Two (2) years warranty against manufacturing defects
Appliance strictly for HOUSEHOLD USE only.

TRUE WATER

ECONOMICAL TO USE

eSpring treats up to 5,000 litres* of water between filter changes, which meets an average family's daily needs for a year. As a result, the eSpring unit provides significant savings over time, is more convenient and less costly than bottled water.

10,000 Water Bottles = 1 eSpring Cartridge*

*Actual filter life depends on water quality and usage

EXCEPTIONAL TECHNOLOGY

eCoupled™ Wireless Power Technology

Transmits electric current through the components inside to light the UV Lamp without direct contact electrical connections.

Smart Chip

LED monitor display uses simple icons and audio cues to let you know the system is functioning properly. The monitor also alerts you when it's time to change the eSpring Cartridge (once a year/5,000 litres, whichever comes first).

Advanced Carbon Filter

Effectively reduces over 140 potential health effect contaminants. Beneficial minerals like calcium and magnesium are not removed.

Ultraviolet Light Technology

Destroys more than 99.99% of waterborne, disease-causing bacteria and viruses in drinking water.

eSpring™

RIGOROUSLY TESTED, INTERNATIONALLY CERTIFIED

NSF International, the world's leading independent certification agency that sets global performance standards, has tested eSpring and has certified that it meets the following NSF/ANSI standards:

- Standard 42 – Aesthetic Effects
- Standard 53 – Health Effects
- Standard 55 – Ultraviolet Microbiological Water Treatment Systems
- Standard 401 – Emerging Contaminants
- NSF Protocol P477 – Microcystin
- NSF Protocol P473 – PFOA/PFOS

GIVE YOUR LOVED ONES A BETTER QUALITY OF LIFE WITH ATMOSPHERE SKY™

We always want the best for the ones we love, while making sure they are always protected. The air they breathe is the most important element of the environment we live in, so ensure every breath is safe, clean and refreshing with the all new Atmosphere SKY Air Treatment System. Atmosphere SKY combines powerful connectivity for easy operation and convenience with cutting-edge filtration technology to provide the best air filtration experience that you can rely on. Quality of Air is Quality of Life.

Atmosphere™ is the world's number one selling air purifier product.*
*Based on a Verify Markets study of 2019 global sales.

PERFORMANCE YOUR LOVED ONES CAN TRUST:

Atmosphere SKY offers exceptional performance that works by:

- Filtering 99.99% of airborne contaminants and trapping particles as small as 0.0024 microns.

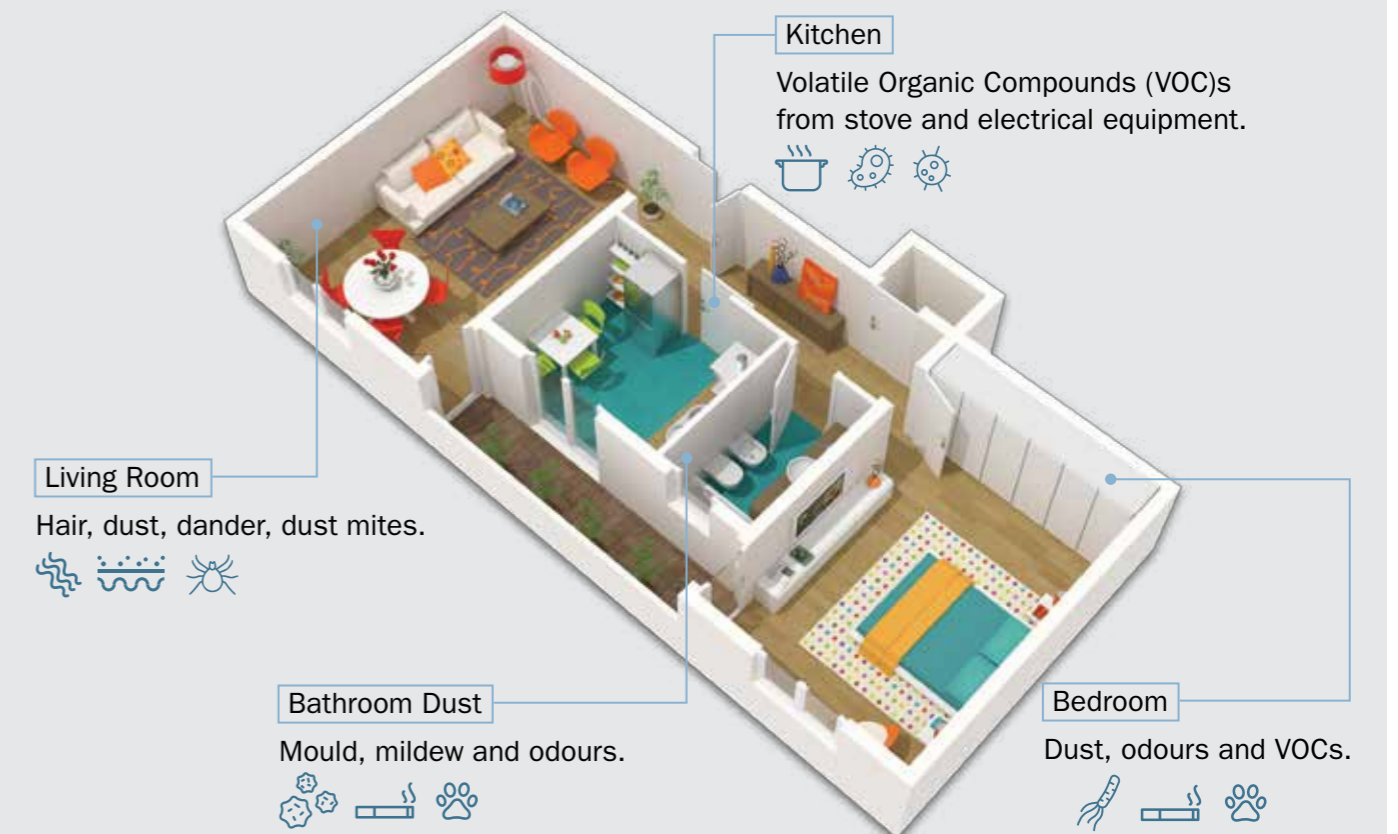

- Using 3-stage filtration to effectively reduce over 300 airborne contaminants in the house, which is more than a 200% improvement over the previous Atmosphere air purifier.

- Delivering a Clean Air Delivery Rate (CADR) of more than 300 cfm and a 20% faster Turbo mode compared to the previous Atmosphere air purifier.

- Cleaning rooms up to 465 sqft / 43.2 sqm in size offering 20% more coverage than the previous Atmosphere air purifier.

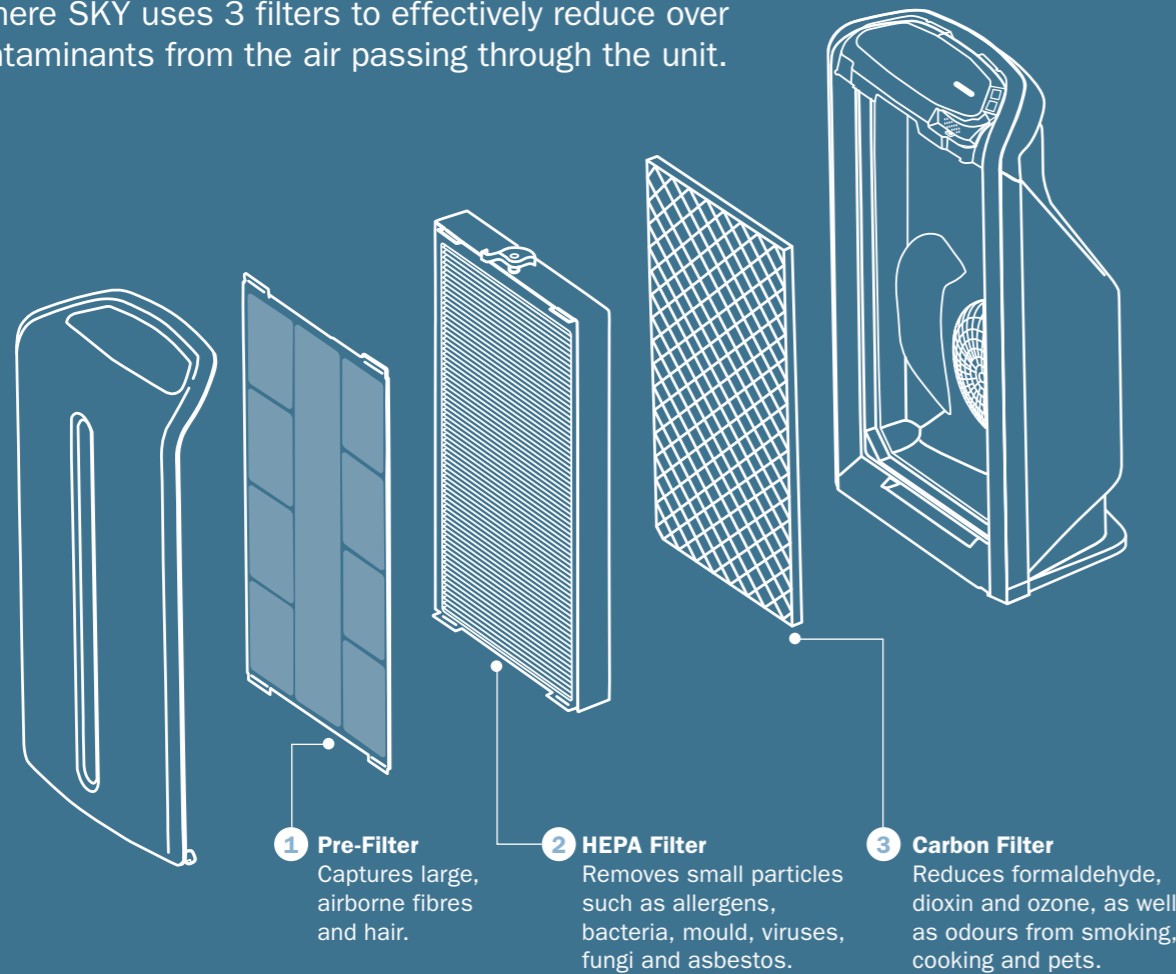

COMMON POLLUTANTS AROUND THE HOME:

3-STAGE FILTRATION

Atmosphere SKY uses 3 filters to effectively reduce over 300 contaminants from the air passing through the unit.

ATMOSPHERE CONNECT™ APP

Connect to mobile devices via Bluetooth® and Wi-Fi® wireless technologies using the ATMOSPHERE CONNECT™ App and operate the Atmosphere SKY from any location as long as the unit is connected to your home Wi-Fi® network.

The ATMOSPHERE CONNECT™ App works like a remote control for the unit and even allows you to monitor air quality in your house as well as the usage of the Atmosphere SKY unit.

- It can last 4 months to 1 year depending on conditions in the environment.

THE NECESSITY OF A CAR AIR TREATMENT SYSTEM

The air outside is saturated with pollutants and contrary to popular belief, it is not any better in your car, even when the windows are shut. In fact, the quality of in-car air is up to 15 times* worse than outside air. Your in-car air is saturated with contaminants such as dust, malodours, pet dander and formaldehyde fumes which can linger in your car for years.

Over a prolonged period of breathing in toxic air, drivers and passengers will become highly susceptible to adverse health conditions and potential illnesses.

Secure your next breath with the ATMOSPHERE DRIVE™ Car Air Treatment System – a new, unique filtration device – to help provide cleaner air inside cars all over the world.

*Based on a study conducted by the British Government's Environmental Audit Committee.

Atmosphere Drive™ is the world's number one selling car air treatment product.*
*Based on a Verify Markets study of 2018 global sales revenue.

This "Seal of Approval" means that the product has been scientifically tested to prove its efficiency at reducing or removing allergens from the environment.

POWERFULLY GREEN FOR A SAFER CLEAN™

Many AMWAY HOME™ products carry the Safer Choice label. The U.S. Environmental Protection Agency (EPA) Safer Choice programme promotes products with safer chemical ingredients for the people and environment without sacrificing quality or performance.

REASONS TO CHOOSE AMWAY HOME

Safer Choice™

At AMWAY™, we have always felt strongly about delivering better and safer products for your home.

The Safer Choice label signifies that the product's formula, as AMWAY has represented it to the U.S. Environmental Protection Agency (EPA), contains ingredients with more positive human health and environmental characteristics than conventional products of the same type.

BIOQUEST Formula™

The unique BIOQUEST Formula in AMWAY HOME products consists of highly active, bio-based ingredients from natural resources such as coconut, citrus fruits and minerals. All BIOQUEST Formula products deliver powerful cleaning performance and are concentrated, biodegradable and dermatologically-tested.

Note: Not all products have BIOQUEST Formula and Safer Choice marks.

SURFACE CARE

EVERY MESS. EVERY SURFACE.
EVERY ROOM. PERFECTLY CLEAN.

The story began more than 50 years ago with our very first product, **L.O.C.™ Multi-Purpose Cleaner**. Its ability to effectively and safely clean every washable surface is legendary.

All **AMWAY HOME™** surface products continue that impressive performance today using the **BIOQUEST Formula™** Technology to deliver powerful cleaning performance every time and is environmentally friendly. The result? A cleaner, healthier home and planet.

How To Wash Laundry Effectively Using Washing Machine.

- Categorise the laundry.**
 Delicate fabric such as silk or wool should be dealt with caution. Select a menu which has weak rotation. It is also important to separate the dirty laundry into white or light (pale pastel shades) clothing and dark clothing.
- Do not put too much laundry in the washing machine at once.**
 Check the maximum amount of laundry which can be put in the washing machine at once. If there is too much laundry piled up, the effect of the detergent is weakened, and the contaminated areas are not entirely removed. In normal cases, for drum type washing machines, it is good to have clearance about the size of the palm.
- If there are stains, remove them as soon as possible.**
 Stains are harder to remove as time passes, so it is important to remove them immediately. Remove the stains with SA8 Pre-Wash Spray Soil & Stain Remover before washing. Before the stain penetrates deep into the fabric, soak the stained part in cold water or gently scrub it with a clean sponge to remove the stain.

ORGANIC CHIA SEED

283401 400g
 MY (RM) 39.20 BR (B\$) 13.80

This unprocessed, whole-grain food comes from the desert plant Salvia Hispanica and is grown in Mexico. "Chia" means strength; the tiny black and white seeds were consumed as an energy booster historically.

- Contain healthy omega-3 and 6 fatty acids, protein, fibre, antioxidants and calcium. Two tablespoons of chia seed contain 139 calories, 4 grams of protein, 9 grams of fat, 12 grams of carbohydrates and 11 grams of fibre, vitamins and minerals
- Has a high content of omega-3 fatty acids, which are healthy for your heart. About 75% of the fats found in chia seeds consist of the omega-3 fatty acid alpha linolenic acid (ALA), while the remainder are omega-6 fatty acids.
- Its high fibre content makes it beneficial for overweight and obese person and highly-recommended for patients with type 2 diabetes
- A good plant-based protein source
- Suitable to be consumed by people who are gluten-intolerant
- It is important to drink adequate water when consuming chia seeds

Serving suggestions:

- Eat it raw or have it with cooked or baked food.
- Can be mixed into juices, protein drinks or smoothies. Blend chia seeds with Nutrilite Soy Protein Drink or PhytoPOWDER™ beverage crystals.
- Add chia seeds to your BodyKey™ by Nutrilite Meal Replacement Shake as the seeds can help one feel full for longer.
- Sprinkle on cereal, salads, sauces, vegetables, rice dishes, sandwiches, yoghurt or mixed into drinks, baked cakes or cookies and other dishes.
- Can also be mixed with water and made into a gel for sauces and puddings.
- Dry-roasting and toasting chia seeds brings out and develops its flavour and texture. Toasted seeds add crunch to salads and breakfast cereals.
- Drink chia seeds early in the morning to help detox the body. Mix a tablespoon of chia seeds, honey and apple cider vinegar each to a glass of water.

Amway

THE AMWAY™ SATISFACTION GUARANTEE

- We stand behind the quality of Amway products. Anytime you buy an Amway product, you have the right to use it for a reasonable period of time to determine if it is satisfactory and you want to keep it.
- Should you decide it is not satisfactory, please return the product to your Amway Business Owner (ABO), who will offer you the choice to have it replaced without charge, receive full credit of the returned product for the purchase of another Amway brand product, or receive a refund of the full purchase price.
- This Guarantee does not apply to XS Energy Drinks and Nutrilite PhytoPOWDER (Canister) (except UNDER CERTAIN CIRCUMSTANCES such as manufacturing defects, damaged packaging and/or strange elements found in products), as well as products that have been intentionally damaged or misused, Amway-distributed products which provide a specific time period for return, and those products covered by express written warranties.
- Returns based on reactions derived from product consumption are handled on a case by case basis.
- Both Nutrilite and XS products practice a 3-month pull-off from shelves as the safety and well-being of our ABOs are our priority.
- Amway durable products (High Ticket items) such as the eSpring Water Treatment System, Atmosphere SKY Air Purifier and Atmosphere DRIVE are not covered by the Amway Satisfaction Guarantee, but by a separate manufacturer's warranty.
- Products featured under the Personal Shoppers Catalogue are covered by specific warranty against manufacturing defects. There is no money back/satisfaction guarantee. All products sold are not inclusive of props or display items.
- All Amway products sold in Malaysia and Brunei Darussalam do not contain placenta, pork nor its derivatives.
- Actual products may vary slightly from products shown due to the print production process.
