

## MicroStrategy ONE for Government Now Available on AWS Marketplace

*Data-driven, AI-powered decision-making is now faster and easier for public sector adoption*

TYSONS CORNER, VA – August 8 2024 – [MicroStrategy](#)® Incorporated (Nasdaq: MSTR), a pioneer in AI-powered business intelligence, today announced that [MicroStrategy ONE for Government](#), a FedRAMP authorized solution, is now available in AWS Marketplace. Federal agencies can now easily find, buy, and deploy MicroStrategy’s industry-leading AI+BI platform on Amazon Web Services (AWS).

MicroStrategy ONE for Government is a managed software-as-a-service (SaaS) solution built on a cloud-native architecture designed specifically to meet the sophisticated security, data protection, governance and privacy needs of the public sector. Through AWS Marketplace, public sector customers can easily and quickly purchase and deploy MicroStrategy ONE for Government to provide AI-powered insights to their entire workforce, including frontline workers, enabling more users to make data-driven decisions.

Unique to MicroStrategy ONE is the platform’s [HyperIntelligence](#) capability which delivers immediate, actionable insights just by hovering over specific keywords. If the user wants more information, they can leverage [Auto](#), MicroStrategy’s generative AI bot, to ask questions in natural language, which makes analytics data more accessible to non-technical users.

“MicroStrategy ONE for Government provides organizations with secure, trusted data insights that empower users at all levels, helping them make faster, data-driven decisions while adhering to the complex requirements and regulations expected by government agencies,” said Mel Zeledon, Executive Vice President, Alliances and Transformation at MicroStrategy. “As a solution on AWS Marketplace, MicroStrategy ONE is now faster and easier for public sector customers to purchase and deploy. This new marketplace listing strengthens our strategic partnership with AWS and provides a seamless way for federal, state and local officials to purchase MicroStrategy ONE using their AWS-allocated budget.”
