

 AB 1305 Disclosures - 44475.2

California AB 1305
 44475.2. An entity that makes claims regarding the achievement of net zero emissions, claims that the entity, a related or affiliated entity, or a product is "carbon neutral," or makes other claims implying the entity, related or affiliated entity, or a product does not add net carbon dioxide or greenhouse gases, as defined in Section 38505, to the climate or has made significant reductions to its carbon dioxide or greenhouse gas emissions, as described in Section 38505, shall disclose on the entity's internet website all of the following information pertaining to all greenhouse gas emissions associated with its claims:
[Link to bill](#)

The following responses have been disclosed in compliance with California's Associate Bill 1305 (AB 1305). 7-Eleven has assessed public facing sustainability documentation and determined the following claims to be in scope of the bill based on emissions reductions claimed. The information contained in this disclosure statement is current as of January 1, 2025

#	Applicable claim	Claim source link	Disclosure required	7-Eleven response
1	"In FY2022, through its emission reduction measures, SEI reduced its CO ₂ e emissions by 151,000 MTCO ₂ e year over year from FY2021 and by 526,300 MTCO ₂ e from FY2013. SEI reduced CO ₂ e emissions by 38% from FY2013 to FY2022. This is equivalent to greenhouse gas emissions from approximately 117,000 passenger vehicles for one year."	2023 Impact Report, Page 21	(a) Information about how the claim was determined to be accurate or actually accomplished and how interim progress toward that goal is being measured (e.g., verification of the entity's emissions, identification of the entity's science-based targets and related verification, relevant sector methodology)	<p>7-Eleven Inc. has set the following emissions reduction targets:</p> <ul style="list-style-type: none"> -Target for 2030: Reduce emissions from store operations by 50% (compared to FY2013). -Target for 2050: Reduce emissions from store operations by 100% (compared to FY2013). <p>Our emissions calculations are conducted on an annual basis by a third-party energy management consulting firm, which also measures our progress towards these targets.</p> <p>7-Eleven's GHG inventory adheres to the accounting principles outlined in the World Resources Institute's (WRI) GHG Protocol for Corporate Accounting and Reporting. We use a centralized data management system to collect usage and consumption data, needed to assess relevant emissions data from our stores.</p>
			(b) Whether there is independent third-party verification of the entity's data and claims	<p>Annually, our parent company, Seven & i Holdings Co., Ltd. ("7&i"), obtains third-party verification of annual Scope 1 and 2 greenhouse gas emissions of all subsidiaries, including 7-Eleven. This is disclosed in 7&i's annual Sustainability Data Book.</p> <p>7&i 2013-14 Greenhouse Gas Emissions Verification Statement (baseline year)</p> <p>7&i 2020-21 Greenhouse Gas Emissions Verification Statement</p> <p>7&i 2021-22 Greenhouse Gas Emissions Verification Statement</p> <p>7&i 2022-23 Greenhouse Gas Emissions Verification Statement</p>
2	"7-Eleven Canada's award-winning partnership, aimed at reducing food waste, helped to save more than 130,000 meals and avoided approximately 398 tons of CO ₂ e emissions."	7-Eleven, Inc. Releases 2023 Impact Report: Another Year of Progress in Sustainability and Social Impact for the Global Convenience Retail Leader 7-Eleven	(a) Information about how the claim was determined to be accurate or actually accomplished and how interim progress toward that goal is being measured (e.g., verification of the entity's emissions, identification of the entity's science-based targets and related verification, relevant sector methodology)	<p>7-Eleven Canada (a wholly owned subsidiary of 7-Eleven, Inc.) engages with Too Good To Go, a social impact company that connects users with local restaurants, cafes, and stores that have surplus food to sell, to reduce food waste of unsold food products. Too Good To Go tracks the number of meals saved through our relationship and reports figures back at the end of each calendar year.</p> <p>7-Eleven Canada's claims are based upon Too Good To Go's methodology and data contained in Too Good To Go's internal report provided to 7-Eleven called the 7-Eleven December Scorecard, as of December 2023.</p>
			(b) Whether there is independent third-party verification of the entity's data and claims	7-Eleven does not obtain third-party assurance of the emissions calculations performed by Too Good To Go.
